Part IV Supporting Organizations

(Complete only if you checked a box in line 12 on Part I. If you checked 12a of Part I, complete Sections A and B. If you checked 12b of Part I, complete Sections A and C. If you checked 12c of Part I, complete Sections A, D, and E. If you checked 12d of Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.
- b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes," and if you checked 12a or 12b in Part I, answer (b) and (c) below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b** Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 8 Did the organization make a loan to a disgualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- b Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI.
- c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer 10b below.
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

Check if your organization is covered by the **General Rule** or a **Special Rule**. **Note:** Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

X For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of (1) \$5,000; or (2) 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Complete Parts I and II.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 *exclusively* for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I, II, and III.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year ▶ \$______

Caution: An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990, 990-EZ, or 990-PF), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990, 990-EZ, or 990-PF).

Mount Desert Island Hospital: Part V, Section B, Line 5: Mount Desert Island (MDI) Hospital participated in the Maine State Statewide Community Health Needs Assessment that focused on individual counties within the State, and during fiscal year 2016 also collaborated with Healthy Acadia to perform a service area CHNA. The CHNA for Hancock County provided an avenue to look at State of Maine surveillance data and validate our implementation plan and evaluation plan. MDI Hospital felt that our community and service area would best be served by a more focused and representative CHNA. MDI Hospital collaborated with Healthy Acadia to perform a focused CHNA for our services area commencing in September 2015.

Additionally, MDI Hospital partnered with a number of other medical and community organizations to prepare a countywide CHNA that was completed in February 2016. The CHNA presents the combined findings of three separate studies and surveys, which together consider the responses from a broad cross section of the community, including health care professionals from a variety of backgrounds and people who work at other types of nonprofits, the private sector, education, and social services.

Mount Desert Island Hospit	al:
Part V, Section B, Line 6a	: Additional hospitals participating in the
supplemental countywide CH	NA were Northern Light Health, MaineHealth, and
Maine General Health. MDI	Hospital also uses the Hancock County Community

Mount Desert Island Hospital:

Part V, Section B, Line 6b: The Hospital's primary CHNA published during

tax year 2015 was conducted in partnership with Healthy Acadia, a

501(c)(3) non-profit organization dedicated to empowering people and

organizations to build healthy communities and making it possible for all

people to lead healthier lives.

Multiple non-hospital community health organization participated in the supplemental countywide CHNA, as well, including Maine Center for Disease Control and Prevention and the University of Southern Maine.

Part V, Section B, Line 11: The Hospital, working with our community and
our implementation plan, continues to move strategies forward for a
healthy community. While there were two strategies that were outside of
the main purview of the Hospital, the organization committed to providing
feedback and support to help start a Farmers' Market and created walking
maps of the community to encourage healthy activities. The Hospital is
continuing with the implementation strategies that were first adopted in
2016 with its current CHNA as they are again recognized as ongoing
initiatives in the Hancock County CHNA. The Hospital is using the
strategies from the 2014 countywide CHNA survey, as well. The Hospital
completed its CHNA in partnership with Healthy Acadia; the results were

implementation of the CHNA including revisions and ongoing implementation

evaluations. The implementation plan and updates to the initiatives are

approved by the Planning Committee of MDI Hospital at a minimum of twice

per annum.

Mount Desert Island Hospital:

Part V, Section B, Line 16j: The policy was provided, in writing, to

patients on admission to the Hospital facility.

The Hospital works with community service organizations to post the Plain Language Summary in public libraries, local municipality facilities, the local YMCA/YWCA, and the Healthy Acadia website.

Additionally, a qualified interpreter is made available to patients who need assistance translating the FAP, application, and related documents to another language.

Provide the following information.

Part VI Supplemental Information

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9h
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health. Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 7:

The costing methodology utilized for this table was derived from Worksheet

2, Ratio of patient care cost to charges with data from filed cost reports

for the fiscal year.

Part I, Line 7g:

The Hospital provides to the community several provider based physician

and specialty practices to serve this rural island population. These

practices are listed on Part V of this schedule. The facility subsidizes

their operating costs to maintain access and coordination of care to our population.

Part I, Line 7, Column (f):

The Bad Debt expense included on Form 990, Part IX, Line 25(A),

but subtracted for purposes of calculating the percentage in

this column is \$ 3,072,221.

Part VI Supplemental	Information (Continuation)		
The estimated co	ost of bad debt expense as reported is	derived from the	
accounting syste	ems and software the organization uses	to calculate the	
cost-to-charge ratio from the as-filed Medicare Cost Reports.			

Mount Desert Island Hospital (MDI Hospital) estimates the cost of bad debt expense using accounting systems and software from our organization to calculate the cost of care from the as filed Medicare Cost Reports. This estimate best represents the value of providing care for those services that will be considered or deemed uncollectible. The value of these services at cost is estimated to be \$1,873,217. This is the amount the Hospital must forgive as a benefit to the community for providing services.

Part III, Line 3:

The Hospital's financial assistance policy provides administrative and accounting guidelines for the identification, classification, and reporting of patients receiving financial assistance as distinguished from bad debts. Accordingly, the Hospital has estimated that no amount of bad debt expense at cost is attributable to patients eligible under the organization's financial assistance policy.

The only area where we did not utilize this template calculation was in Schedule H, Part III, Section B, Line 6, Medicare allowable costs and payments related to the subsidized health services. Instead, the Hospital utilized the Medicare Cost Report estimated cost and payment for these services. The Hospital believes that provider based clinics listed in the Cost Report should be considered a community benefit due to the fact that without the Hospital subsidizing and offering the services that these clinics offer, the community-at-large would have to travel 45 minutes or more to the nearest similar hospital. As such, Mount Desert Island Hospital believes that by offering and subsidizing these clinics within its community, thus enabling community members to have easy access and an easier commute for these services, the entire community at large benefits.

Part III, Line 9b:

The Hospital would not initiate collection efforts against a patient that qualified for a sliding fee scale unless that patient failed to meet his or her obligation under a mutually agreed upon payment arrangement. After it was determined that the patient did not qualify for a readjustment to his or her payment terms, the Hospital would follow normal notification practices dictated by our collection policy, which is in compliance with the 501(r) regulations. Upon the qualifying defaults a patient's account may result in collection efforts. If the collection agency suspects or gains knowledge that someone may need to apply for one of the programs, the agency sends out a financial assistance application to the patient or guarantor and proceeds to notify MDIH of the outreach. Information about our free and sliding scale programs is on our website, on our account Schedule H (Form 990) 732271 08-21-17

Part VI, Line 2:

MDI Hospital assesses the health needs of the community through the use of a collaborative Community Health Needs Assessment. As a key participant in the CHNA process, our institution is able to further address and identify those areas of most concern and need in our community. A community needs assessment is a point-in-time effort to measure the health and wellbeing of the community. It serves as a constructive tool to and basis for MDI Hospital's strategic and subsequent action planning to develop health policy advocacy, allocate resources, improve or expand existing services, implement new programs and collaborate with other community health care providers. A Community Health Needs Assessment also serves as a benchmark for future assessment of measured progress toward established community health objectives.

MDI Hospital's Community Health Needs Assessment provides an opportunity to gain insight into the needs and assets that are served. It also provides a measure to identify and address the needs of the vulnerable populations within our community. The MDI Hospital process was a partnership with Healthy Acadia, a comprehensive community health coalition that was formed in 2001 with public health funding provided by the Maine Center for Disease Control and Prevention. The Community Health Improvement Plan and Health Needs Assessment were performed using the Mobilizing for Action through Planning and Partnerships process, which Schedule H (Form 990)

utilized a broad cross-section of our demographic and service area. This process delivered the basis for the assessment which demonstrated the strengths and opportunities for our plan. This process involved the gathering of quantitative data such as demographics, health indicators, and local statistical information as well as qualitative data from public surveys, focus groups, and community stakeholders. The data helps support short-term and long-term decisions about allocation of community human and capital resources. Participants included members of the Hospital's medical staff, nursing staff, board of trustees and administration. Focus groups were used to gain feedback from diverse and remote populations, as we are an institution that serves the rural and coastal community of Mount Desert Island and the other islands off the coast of Hancock County. This assessment, in conjunction with the Maine Shared Health Needs Assessment and Planning Process, which provides detailed surveillance data about the chronic health conditions or improved health of the population we serve, allows for a comparative measurement to determine priorities of focus. This collaborative effort developed several themes for strategic initiatives and goals. The organization reviewed the overarching needs and validated those to the health needs of the community. This process was reviewed and prioritized through the Board Designated Planning Committee of the organization, which develops and maintains oversight of the Hospital's official Community Health Needs Assessment and Implementation and Evaluation Plans.

The Implementation Plan is reviewed periodically and updated as strategies and initiatives are completed or modified. Those items that were not achievable are reviewed and documented so as to help surpass the barrier for successful implementation and/or develop alternatives in the future. MDI Hospital is currently implementing the results of the 2016 plan as
there are several broad-reaching programs that will continue to be a focus
for our organization, using supplemental data from the Maine Shared Health
Needs and Planning Process (Maine SHNAPP). They are outlined on our
adopted implementation plan under the evaluation process. The revised plar
continued on the foundation from the 2011 CHNA addressing the newly
identified opportunities and has been approved by the Hospital's CHNA
planning committee which has been authorized by the Hospital's board of
directors to oversee the CHNA process on the board's behalf. The
supplemental plan was approved, as well, while the Hospital engaged in a
comprehensive update to its CHNA in partnership again with Healthy Acadia.
The results are available upon request and through www.mdihospital.org.

The Hospital's county-wide Community Health Needs Assessment, which aligns many state and county partners in Hancock County, was led primarily by Northern Light Health and identified several health initiatives that MDI Hospital developed as part of its adopted implementation plan.

The implementation and evaluation plans and CHNA are located on the Hospital's public website along with a notice to solicit comments from the community regarding any questions, suggestions or concerns regarding the CHNA and the implementation plan.

Part VI, Line 3:

The Financial Assistance Policy (FAP) information is sent with all account statements and is printed on the back of the statement. A notice of the FAP in plain language is also available on our Hospital website, posted in public areas, and available within the departments and provider clinics of Schedule H (Form 990)

our organization. The Hospital provides a Patient Financial Counselor to help navigate the process to ensure that our patients have access to the care and services they need. MDI Hospital is committed to providing access to quality healthcare services with compassion, dignity, and respect for those we serve, particularly the poor, indigent, and underserved in our communities, regardless of their ability to pay. We assist our patients who cannot afford to pay for part or all of the services received by working with our community to identify those in need and find the financial resources that may be made available to them. MDI Hospital has adopted guiding principles when handling billing, collections, and financial support functions for our patients. We provide effective communications with patients regarding hospital bills and make affirmative efforts to help patients apply for public and private financial support programs, including providing resources to perform the application process on behalf of the patient. We have implemented policies and procedures for assisting low income patients in a consistent manner that is in compliance with the State of Maine Chapter 150 Guidelines for Free and Reduced Care. These policies are reviewed by the Finance Committee of the Board of Trustees at a minimum annually, or as deemed necessary. The adjustment for Amounts Generally Billed is made annually after the acceptance of MDI Hospital's Medicare Cost Report by the regional Fiscal Intermediary (MAC). A Patient Financial Counselor is also available to assist with triaging patient needs and working with our patients to align resources. This representative is available to explain and review patient payment obligations. We also have a Patient Advocate to facilitate issues that arise during the course of this process. Information about Hospital-based financial support polices and external support programs that provide coverage for services is made available to patients during the Schedule H (Form 990)

pre-registration and registration processes and/or through communications with patients seeking financial assistance.

Support is available to uninsured and underinsured patients who do not qualify for public programs or other means of assistance. Notification about financial assistance programs at MDI Hospital, including contact information, is available through messaging included on patient bills, at provider clinics, in public areas, through care management and billing support staff, in registration areas, and at the reception areas in the Hospital and at our provider clinics. Patient brochures describing the financial counseling services, our financial assistance policies, financial assistance application, and the applicable services which are available in these areas as well as on our public website, www.mdihospital.org. The annual review of these policies is done through the Board Appointed Finance Committee.

Part VI, Line 4:

MDI Hospital is a 25-bed critical access hospital located in Bar Harbor, Maine and licensed by the State of Maine. The mission is to provide compassionate care and strengthen the health of our community by embracing tomorrow's methods and respecting time-honored values. Its services include acute inpatient, swing bed, 24-hour emergency center, diagnostic services, lab, physical therapy, pharmacy, obstetrics, nursery, and surgical services.

Along with hospital services, the Hospital employs the majority of primary and specialty care physicians in the area. The Hospital provides the only behavioral health clinic services in Hancock County and partners with Schedule H (Form 990)

community agencies to sponsor Substance Use Disorder Treatment. These services have been identified as a need in the CHNA for mental and substance use treatment availability and the removal of stigma associated with mental and substance use disorders. Hancock and Washington counties are considered rural by the State of Maine and the United States Census Bureau, under guidelines set forth by the Office of Management and Budget (OMB). The Hospital service area (HSA) as defined by the Maine Health Data Organization (MHDO) uses the statistical method where the greatest proportion of residents received their inpatient care. The Hospital's primary service area is Mount Desert Island and the towns it supports as well as the outer islands off the coast of Bar Harbor, Northeast Harbor, and Southwest Harbor. Also included in our service area are the towns of Trenton and Lamoine, Maine. The Hospital entered into a collaborative to bring dental and oral health services to Mount Desert Island, which is defined as a federally underserved location for dental health and identified as a need in the Hospital's CHNA. MDI Hospital sponsors a dental center in Southwest Harbor to address the community's needs for oral health, expanding access the past year to our community for outreach and dental health services.

Part VI, Line 5:

MDI Hospital is committed to improving health and quality of life in the MDI region. Through innovation and effort, we strive to meet the evolving needs of our community with a compassionate, patient-centered approach to care. Our Integrated Care Philosophy is key to our strategies to improve health outcomes, provide improved access to care that is timely and appropriate and improve the overall health outcomes of the population we serve. INDEPENDENT AUDITOR'S REPORT

Board of Trustees Mount Desert Island Hospital and Subsidiaries

We have audited the accompanying consolidated financial statements of Mount Desert Island Hospital and Subsidiaries, which comprise the consolidated balance sheets as of April 30, 2018 and 2017, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mount Desert Island Hospital and Subsidiaries as of April 30, 2018 and 2017, and the results of their operations, changes in their net assets and their cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

Other Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The additional consolidating information is presented for purpose of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Noncash transactions:

In 2018 and 2017, the Hospital entered into capital lease obligations with a value of \$579,073 and \$336,894, respectively. These lease commitments and capital assets have been treated as noncash transactions.

During 2018, the Hospital converted \$2 million of outstanding draws on its line of credit to a note payable with the same bank. The proceeds from the note payable and reduction of the outstanding line of credit balance have been treated as noncash transactions.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

1. <u>Nature of Operations</u>

Mount Desert Island Hospital (Hospital) is a not-for-profit healthcare facility designated as a critical access hospital (CAH) located in Bar Harbor, Maine. Birch Bay Retirement Village (BBRV or Community) operates a facility (Inn) consisting of 32 assisted living and 23 independent living units. Mount Desert Management Company (MDMC) is a for-profit entity (owned by BBRV) established to develop cottages, which are part of the Community and are located in close proximity to the Inn. Once the cottages are completed and sold, ownership of the cottages is transferred from MDMC to Birch Bay Village Association (BBVA or Association). The Association is a separate entity owned by the shareholders/cottage owners. Its assets, liabilities and operations are not included in these financial statements.

The Hospital is a member of the Maine Rural Health Collaborative (Collaborative), a limited liability company, along with five other Maine healthcare organizations. The purpose of the Collaborative is to promote the effective, efficient and rational expenditure of each member's resources to preserve and enhance future access to critical, primary, and preventative healthcare services within the communities served by the members.

The Hospital was a member of Hancock County Community Health (HCCH), a limited liability company, along with one other healthcare organization. The purpose of HCCH was to provide additional health resources for identified healthcare service needs in the Hospital's service area. HCCH ceased operations during 2018.

The Hospital remains a member of Beacon Health, a limited liability company, along with two other healthcare organizations. However, during 2018, the Hospital withdrew as a principal partner in Beacon Health. The purpose of Beacon Health is to develop an Accountable Care Organization while promoting an efficient care coordination network for patients aligned in the Hospital's service area.

2. <u>Summary of Significant Accounting Policies</u>

Principles of Consolidation

The accompanying financial statements include the accounts of the Hospital and its wholly-owned subsidiaries, BBRV and its subsidiary MDMC (collectively, Organization). Intercompany balances and transactions have been eliminated from the consolidated financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

Cash and Cash Equivalents

Highly liquid savings deposits and investments with maturities of three months or less when purchased are considered cash equivalents.

The Hospital maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. It has experienced no losses in such accounts, and management believes it is not exposed to any significant risk on cash and cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable.

In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Data for each major payor source is regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. For receivables relating to self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or discounted rates if negotiated or eligible) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.

During 2018, the Hospital decreased its estimate from \$3,036,791 to \$2,856,942 in the allowance for doubtful accounts relating to self-pay patients. Self-pay write-offs increased from \$3,073,215 in 2017 to \$3,252,070 in 2018. During 2017, the Hospital increased its estimate from \$2,378,540 to \$3,036,791. The Hospital's self-pay write-offs decreased from \$4,497,132 in 2016 to \$3,073,215 in 2017. Such fluctuations resulted from trends experienced in the collection of self-pay patient account balances and more timely identification of uncollectible accounts and deductible and copay balances due from patients.

Investments

Investments in equity securities with readily determinable fair values are measured at fair value in the consolidated balance sheets. In accordance with the Hospital's policy, investment income or loss is included in other income if it is generated by restricted funds whose income is unrestricted, in other revenue if generated from Board-designated funds, and in temporarily restricted net assets if the income or loss is restricted by donor or law. Gains and losses on sales of investments are computed based on specific identification of the investment sold. Unrealized gains and temporary unrealized losses on investments are excluded from the excess of revenues, gains (losses), and

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

other support over expenses. On a periodic basis, the Hospital evaluates its investments to determine if declines in market value below cost are other than temporary. If such declines are determined to be other than temporary, an impairment charge is recognized and included in the excess of revenues, gains (losses), and other support over expenses.

Investments in general are exposed to various risks such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the balance sheets.

Inventoried Supplies

Inventoried supplies, which include pharmaceuticals, are carried at the lower of cost (determined by the first-in, first-out method) or market.

Trustee Held Funds and Assets Limited as to Use

In connection with its bonds payable to Maine Health and Higher Educational Facilities Authority (MHHEFA), the Organization is required to maintain certain funds which are held by bond trustees. In addition, the Board of Trustees periodically segregates certain general fund assets as internally designated assets in order to provide for the future replacement of property and equipment and other uses.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Hospital has been limited by donors to a specific time period or purpose. Permanently restricted net assets represent assets held in trust on behalf of the Hospital restricted by donors to be maintained in perpetuity.

Property and Equipment

Property and equipment is stated at cost or at fair value at the date of donation for assets contributed to the Hospital. The provision for amortization and depreciation of property and equipment has been determined on the straight-line method in a manner which is intended to amortize the cost of assets over their estimated useful lives. Assets which have been purchased but not yet placed in service are included in construction in progress and no depreciation expense is recorded on such assets.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support, and excluded from the excess of revenues, gains (losses), and other support over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. Payment arrangements include prospectively-determined rates per discharge, reimbursed costs, discounted charges and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined and may be materially different from these estimates. Changes in these estimates are reflected in the consolidated statements in the year in which they occur. Patient services rendered for which payment is expected but ultimately is not received are written off and included as part of the provision for bad debts.

<u>Gifts</u>

Unconditional promises to give cash and other assets to the Hospital are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations as net assets released from restrictions.

Free and Discounted Care

The Hospital provides care to patients who meet certain criteria under its free and discounted care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as free and discounted care, they are not reported as revenue. The Hospital maintains records to identify the amount of charges foregone for services and supplies furnished under its free and discounted care policy, as well as the estimated cost of those services and supplies and equivalent service statistics. The following information measures the level of free and discounted care provided during the years ended April 30:

	<u>2018</u>	<u>2017</u>
Charges foregone, based on established rates	\$ <u>957,000</u>	\$ <u>876,000</u>
Estimated costs and expenses incurred to provide free and discounted care	\$ <u>634,000</u>	\$ <u>585,000</u>
Equivalent percentage of free and discounted care charges to all Hospital patient charges	<u>1.13</u> %	<u>1.06</u> %

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

Cost of providing free and discounted care services has been estimated based on an overall financial statement ratio of costs to charges applied to free and discounted care charges forgone.

Excess of Revenues, Gains (Losses), and Other Support Over Expenses

The consolidated statements of operations include excess of revenues, gains (losses), and other support over expenses. Changes in unrestricted net assets which are excluded from this measure, consistent with industry practice, include unrealized gains and temporary unrealized losses on investments and net assets released from restrictions used for purchase of property and equipment.

The Hospital and BBRV are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code). MDMC is a for-profit entity and is, therefore, subject to income taxes. Income taxes are recorded based upon the asset and liability method as prescribed by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*. At April 30, 2018 and 2017, MDMC has certain net operating loss carryforwards which have been reduced by a valuation allowance of an equal amount as it is not presently considered likely that the deferred tax assets will be realized.

Subsequent Events

For purposes of the preparation of these consolidated financial statements in conformity with GAAP, the Organization has considered transactions or events occurring through August 8, 2018, which was the date that the consolidated financial statements were available to be issued.

3. <u>Gross Patient Service Revenue and Estimated Third-Party Payor Settlements</u>

The Hospital has agreements with third-party payors that provide for payments at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare - The Hospital is designated as a CAH. Under that designation, the Hospital is reimbursed 101% of allowable cost for its inpatient and outpatient services provided to Medicare patients. These reimbursements are subject to the Federal Government's Sequestration payment reduction of 2%, thereby reducing reimbursable costs to 99%. The Hospital is reimbursed for cost reimbursable items at tentative interim rates with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. The Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through April 30, 2014.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

- MaineCare The Hospital's approval for CAH status also impacts reimbursement under the MaineCare program, whereby the Hospital is reimbursed 109% of allowable cost for inpatient and outpatient services. Other items not classified as inpatient or outpatient by MaineCare are reimbursed at cost or some specified discount from cost. The Hospital is reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the fiscal intermediary. Final settlements have been issued through April 30, 2011.
- Anthem Services provided to Anthem subscribers were reimbursed at a discount from established charges and settlements are performed annually. The Anthem settlement has not been finalized for 2018.
- Other The Hospital has entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the Hospital under these agreements includes prospectively-determined rates per discharge, discounts from established charges and prospectively-determined daily rates.

Gross Patient Service Revenue

Revenue from the Medicare and MaineCare programs accounted for approximately 39% and 7%, respectively, of the Hospital's gross patient service revenue for the year ended April 30, 2018, and 41% and 7%, respectively, for the year ended April 30, 2017. Laws and regulations governing the Medicare and MaineCare programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Net patient service revenue increased by approximately \$729,000 and \$627,000 in 2018 and 2017, respectively, as a result of prior year settlements and changes in prior year third-party payor estimates.

The State of Maine enacted legislation establishing a health care provider tax (State tax). As a result, the Hospital was subjected to and recorded \$1,074,429 and \$1,125,762 of State tax in 2018 and 2017, respectively.

The Hospital recognizes patient service revenue associated with services rendered to patients who have third-party payor coverage on the basis of contractual rates for such services. For uninsured patients that do not qualify for charity care, the Hospital recognizes revenue on the basis of its standard rates. Based on historical trends, a significant portion of the Hospital's uninsured patients will be unable or unwilling to pay for the services rendered. Thus, the Hospital records a provision for bad debts related to uninsured patients in the period the services are rendered. Patient service revenue, net of contractual allowances and discounts (but before the provision for bad debts), recognized during fiscal years ended April 30, 2018 and 2017 totaled \$55,616,925 and \$56,154,556, respectively, of which \$50,581,686 and \$51,715,921, respectively, were revenues from third-party payors and \$5,035,239 and \$4,438,635, respectively, were revenues from self-pay patients.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

Estimated Third-Party Payor Settlements

At April 30, 2018 and 2017, the Hospital has recorded net estimated settlement receivables (payables) as follows:

		<u>2018</u>	<u>2017</u>
Medicare MaineCare Anthem Other	\$	(250,493) 262,792 (55,608) <u>(1,179,000</u>)	\$ 868,331 (1,180,237) (546,000) <u>(1,507,586</u>)

Estimated third-party payor settlements, net of current portions	\$_		\$ <u>(1,191,100</u>)

In February 2015, the Hospital entered into repayment agreements with the State of Maine for its outstanding April 30, 2006 and April 30, 2014 and 2015 cost report settlement liabilities. In November 2016, the Hospital entered into a repayment agreement with the State of Maine for its outstanding April 30, 2016 cost report liability. As of April 30, 2018, the remaining unpaid amount under the April 20, 2015 repayment agreement is considered current.

4. <u>Meaningful Use Revenue</u>

The Medicare and Medicaid electronic health record (EHR) incentive programs provide a financial incentive for achieving "meaningful use" of certified EHR technology. The meaningful use attestation is subject to audit by the Centers for Medicare & Medicaid Services (CMS) in future years. As part of this process, a final settlement amount for the incentive payments could be established that differs from the initial calculation, and could result in return of a portion or all of the incentive payments received by the Hospital.

The Medicaid program provides incentive payments to hospitals and eligible professionals with a certain percentage of Medicaid volumes. In the first year of participation, they must adopt, and implement, upgrade or demonstrate meaningful use and then demonstrate meaningful use for up to five remaining participation years. There are no payment adjustments under the Medicaid EHR incentive program.

The Hospital recorded meaningful use revenue of \$53,359 and \$743,037 for the years ended April 30, 2018 and 2017, respectively.

Notes to Consolidated Financial Statements

5. Trustee Held Funds

As part of the agreements the Organization has with MHHEFA in conjunction with its bond issues, the Hospital is required to maintain certain debt service funds. The total amounts held in these funds by a trustee are as follows at April 30: 2010 2017

	<u> </u>	018	2017
2007B	\$	- 3	
2010B		874,529	493,230

2017B	1	42,483	
	\$ 6	602,429	\$ 899,965

All trustee held funds consist of cash equivalents and the market value of these instruments approximates cost.

6. Investments

The Hospital's primary responsibility is to provide health care services to the communities within its service area. In order to accomplish this goal, the Hospital maintains resources to assure monies are available to provide for future retirement of debt, replacement of capital equipment, and a return on investment in order to accommodate inflationary increases in equipment costs and to remain technologically current.

In accordance with the Board of Trustees' (Board) interpretation of the State of Maine's Uniform Prudent Management of Institutional Funds Act, the Hospital treats earnings on permanently restricted funds as temporarily restricted until appropriated for expenditure by proper governing Board action.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

The basic objectives of the Hospital's investment policy are to emphasize long-term growth of principal while avoiding excessive risk and to achieve returns in excess of spending plus the rate of inflation over the investment horizon in order to preserve the purchasing power of Hospital assets to fund new programs and capital purchases. The long-term asset mix of investments is based on the following allocation guidelines:

Asset Class	Range Minimum-Maximum
Equities	40% - 80%
Fixed income securities	15% - 60%
Short-term bonds	0% - 20%
Cash and cash equivalents	0% - 10%

Total annualized returns of an actively managed portfolio are expected to:

- Meet or exceed, on a risk adjusted basis, the return of a balanced market index comprised of:
 - 70% MSCI ACWI Index
 - 25% Barclays Aggregate Bond Index
 - 5% Barclays 1-3 year Government Aggregate Bond Index

It is expected the investment portfolio will display an overall level of risk which is consistent with the risk associated with the composite benchmark specified above. Risk is measured by the standard deviation of quarterly returns.

8. <u>Real Estate Development Costs/BBRV</u>

BBRV is a retirement community located in Hulls Cove, Maine, which consists of several different components located on the same campus. One component of the Community is a 55-unit facility referred to as the Inn, which consists of 32 assisted living suites and 23 independent living apartments.

The other component of the Community is the development of 20 separate cottage units. The construction costs related to the development of the cottages are carried by MDMC. As of April 30, 2018, the construction and sale of all 20 units is complete. Once cottages are completed, ownership of the cottages transfers to BBVA and occupancy of the units at BBVA is made available to shareholders of BBVA through residency agreements. The cost of these cottages and operating results of BBVA are not reflected in the Hospital's consolidated financial statements.

The land the cottages are situated on is leased from BBRV to BBVA and is managed by MDMC. The land lease requires monthly rental payments for a period of 99 years. The initial base rent is \$600 per cottage per year. Lease payments were \$12,000 in both 2018 and 2017, and management fees were approximately \$152,000 and \$149,000 in 2018 and 2017, respectively. Due from BBVA of \$158,386 and \$106,635 at April 30, 2018 and 2017, respectively, represents land lease payments, cooperative fees and shared expenses expected to be received within one year.

As of April 30, 2018 and 2017, BBRV maintained priority deposits to reserve units in the Inn, as well as security deposits for residents, totaling \$238,010 and \$236,589, respectively. These funds are held separately. The priority deposits are noninterest bearing and are refundable.

9. <u>Pledges Receivable</u>

Pledges receivable under gifts for the related capital and equipment campaigns include the value of future unconditional promises to give from donors for temporarily restricted purposes. The future amounts receivable at April 30, 2018 are as follows:

Due within one year Due within two to five years	\$	339,165 <u>178,333</u>
Total pledges receivable		517,498
Less allowance for uncollectible pledges	_	(33,917)

10. Borrowings

Line of Credit

The Hospital has an available commercial line of credit with interest at the prime lending rate (4.75% at April 30, 2018). Maximum borrowings under the agreement are \$1,000,000. The line of credit expires on January 31, 2019.

There were no amounts outstanding on the line of credit at April 30, 2018. Amounts outstanding on a previous line of credit at April 30, 2017 were \$2,822,154. Advances are collateralized by the Hospital's unrestricted investments.

Long-Term Obligations

Long-term obligations consist of the following at April 30:

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

The Hospital and BBRV are required to make monthly deposits with the trustee to fund principal and interest payments on the bonds as they come due. The Hospital's 2017, 2010 and 2007 bonds are collateralized by a security interest in all gross receipts of the Hospital, its equipment and a mortgage lien on the Hospital real estate. BBRV's 2012 and 2010 bonds are collateralized by the gross receipts of BBRV, its equipment and fixtures, and a mortgage lien on BBRV's real estate.

Under their agreements with MHHEFA, the Hospital and BBRV must meet certain restrictive loan covenants. The Hospital was in compliance with these requirements at April 30, 2018.

Assets recorded under capital leases totaled \$2,795,442 and \$2,387,133 at April 30, 2018 and 2017, respectively. Accumulated amortization associated with these assets totaled \$2,108,451 and \$1,938,547 in 2018 and 2017, respectively. The cost of these assets has been included with property and equipment. Because the Hospital has the right to purchase the leased assets for nominal amounts at the end of the lease terms, such assets are amortized over their useful lives, which exceed the lease terms. Amortization expense for assets under capital leases was approximately \$170,000 and \$69,000 in 2018 and 2017, respectively, and has been included with depreciation and amortization expense in the consolidated financial statements.

During the year ended April 30, 2017, MDMC entered into a construction loan with a local bank for an amount not to exceed \$419,250 to finance the construction of a cottage that was sold and transferred to BBVA on April 30, 2017. At April 30, 2017, the amount outstanding on this loan was \$212,264, and is included in current liabilities in the consolidated financial statements at April 30, 2017. The loan was paid in full on May 1, 2017.

Scheduled principal repayments on long-term obligations are as follows:

11. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are held in the form of long-term investments and pledges receivable, and are available for the following purposes:

	<u>2018</u>	<u>2017</u>
U-Penn Pilot Project Community Health Center Palliative Care support Straus Center support PCS Program support Equipment Generator Project Women's Health Center Building Dental Clinic Other	\$ 249,357 137,557 297,718 229,044 60,135 13,334 1,987,611 - 96,397 433,581 \$ 3,504,734	138,557 489,424 228,044 51,687 13,334 1,981,177 2,174 90,271 271,460
Permanently restricted net assets are restricted to:

The Hospital is the beneficiary of six and five trusts as of April 30, 2018 and 2017, respectively, a portion of the income from which is unrestricted and is to be paid to the Hospital in perpetuity for hospital operations. Income from another trust is used to fund a scholarship for a local student in the medical field. The Hospital's interest in the trusts is recognized as an asset based on the fair market value of the underlying assets, which totaled \$2,561,070 and \$1,750,660 as of April 30, 2018 and 2017, respectively. Increases and decreases in the carrying value of these assets are included in permanently restricted net assets.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

12. Deferred Compensation

The Hospital has established a deferred compensation plan that permits management and highly compensated employees to defer portions of their compensation based on Internal Revenue Service guidelines. The Hospital has recorded \$3,266,622 and \$2,873,043 at April 30, 2018 and 2017, respectively, to reflect its liability under this plan. The Hospital has a corresponding asset of \$3,266,622 and \$2,873,043 (assets consist entirely of mutual funds) at April 30, 2018 and 2017, respectively. Under the plan, all gains and losses in related investments increase or decrease the deferred compensation liability and corresponding asset.

13. <u>Retirement Plan</u>

The Hospital has an Employee Savings Retirement Plan (Plan) under Section 403(b) of the Code. The Plan allows employees to defer certain amounts into the Plan and also provides for employer matching contributions into the Plan on behalf of an employee who has reached age 21 and completed two (2) years of eligible service (1,000 hours worked in each of those years). The Hospital matches employee contributions of 1% - 4% of eligible earnings at 1.25% - 4.25%, respectively, and employee contributions in excess of 4% are matched at 4.25%. All eligible employees receiving the employer match are 100% vested. Pension expense was \$552,739 and \$520,820 for 2018 and 2017, respectively.

14. Concentrations

Credit Risk

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors was as follows:

	<u>2018</u>	<u>2017</u>
Medicare	22 %	25 %
MaineCare	6	5
Anthem	4	6
Other third-party payors	33	33
Patients	<u> </u>	<u>31</u>
	<u> 100</u> %	<u>100</u> %

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

Labor Force

The Hospital's unionized labor workforce are members of the National Nurses Organizing Committee and National Nurses United Local Unit #982. It is approximately 15.7% of the Hospital's work force. The current union contract is in effect through April 30, 2022.

15. <u>Contingencies</u>

Medical Malpractice Insurance

The Hospital insures its medical malpractice risks on a claims-made basis under a policy which covers all employees of the Hospital. A claims-made policy provides specified coverage for claims reported during the policy term. The policy contains a provision which allows the Hospital to purchase "tail" coverage for an indefinite period of time to avoid any lapse in insurance coverage. The Hospital is subject to complaints, claims and litigation due to potential claims which arise in the normal course of doing business. FASB Accounting Standards Update (ASU) 2010-24, Health Care Entities (Topic 954): *Presentation of Insurance Claims and Recoveries*, provides clarification to companies in the health care industry on the accounting for professional liability and similar insurance. ASU 2010-24 states that insurance liabilities should not be presented net of insurance receivable should be recognized on the same basis as the liabilities, subject to the need for a valuation allowance for uncollectible accounts. The Hospital has evaluated its exposure to losses arising from potential claims and has properly accounted for them in the balance sheets at April 30, 2018 and 2017. The Hospital intends to renew coverage on a claims-made basis and anticipates that such coverage will be available.

Self-Insurance Program

The Hospital self-insures its employee health benefits and has estimated and recorded amounts to meet its expected obligations under the program. Total expense for health benefits was \$6,341,751 and \$7,897,233 in 2018 and 2017, respectively. The Hospital provided services totaling \$4,005,337 and \$4,073,898 in 2018 and 2017, respectively, which represents services rendered for Hospital employees for which the Hospital recorded revenue. Stop loss insurance coverage is in effect which mitigates the Hospital's exposure to loss on an individual and aggregate basis.

The Hospital also participates in a self-insured workers' compensation insurance plan through an industry cooperative. Current funding levels by the Hospital and other participants in the cooperative are expected to be adequate to meet future claims. Excess insurance has been purchased to mitigate the cooperative's exposure to loss on large aggregate claims over a certain level.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

16. Operating Leases

The Hospital leases medical buildings and equipment under operating leases with varying terms and expiration dates. Rent expense, under these leases, for the years ended April 30, 2018 and 2017 was \$786,766 and \$777,205, respectively. At April 30, 2018, future minimum payments are \$1,155,719, all of which is due in fiscal 2019.

17. Volunteer Services

Total volunteer service hours provided annually to the Hospital were approximately 4,500 and 3,300 in 2018 and 2017, respectively. The volunteers provide various nonspecialized services to the Hospital and BBRV, none of which have been recognized as revenue or expense in the statements of operations.

18. <u>Functional Expenses</u>

The Organization provides general health services to residents within its geographic location. Expenses related to providing these services are as follows:

	<u>2018</u>	<u>2017</u>
Health care services	\$ 43,555,945	\$ 42,625,504
General and administrative	11,564,859	11,591,469
Health care provider tax	1,074,429	1,125,762
Cottage and Inn expenses	4,657,115	4,703,945
	\$ <u>60,852,348</u>	\$ <u>60,046,680</u>

Included in general and administrative expense are fundraising costs of \$388,774 and \$322,245 in 2018 and 2017, respectively.

19. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Notes to Consolidated Financial Statements

April 30, 2018 and 2017

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities measured at fair value on a recurring basis are summarized below. Fair values were primarily determined using the market approach.

	Fair Value Measurements at April 30, 2018

The fair value of Level 3 assets is based on the market prices of the underlying assets, but is classified as Level 3 as there is no market in which to trade the beneficial interest itself.

The following is a reconciliation of investments in which significant unobservable inputs (Level 3) were used in determining fair value:

Mount Desert Island Hospital

Form 990, Part III, Line 4a, Program Service Accomplishments: medication therapy management, health coaching, care management, coagulation management, financial and insurance workshops, and our oral health program which included education and outreach to the community, schools, and service providers. The Hospital provides volunteers as Certified Application Counselors to help enroll and education member of our community into the Health Insurance Exchange options. Throughout the year, staff from the Hospital make presentations to area school children regarding smoking cessation, wellness, health, activity, nutrition, and oral health, including Give Kids a Smile Day, in which free or reduced cost screenings are available. Additionally, community groups such as the YMCA, Alcoholics Anonymous, Cancer Support, and Palliative Care use the Hospital's conference rooms for their meetings. Many hospital staff members serve other nonprofits in capacities such as volunteer hours and board of directors' memberships, as well as memberships in service organizations such as the local Healthy Acadia, Rotary, Chamber of Commerce, and Lions/Lioness clubs.

Form 990, Part VI, Section B, line 11b:

The Form 990 is prepared by an outside independent accounting firm with input and assistance from Finance Department staff. The initial review of the Form 990 is performed by the Finance Committee of the Hospital's Board of Directors. Members are provided with an electronic copy of the Form 990 and all supporting schedules (printed versions are also available upon request). Once the Finance Committee has completed its review, all Board of Trustees members are provided with a copy of the Form 990 and supporting LHA For Paperwork Reduction Act Notice. see the Instructions for Form 990 or 990-EZ. of Finance & CFO are available to answer any inquiries fr	om Board members.								
Board Members are also provided with a copy of the final Form 990 as it is									
filed.									

Form 990, Part VI, Section B, Line 12c:

Mount Desert Island Hospital monitors and enforces compliance with the conflict of interest policy by requiring all trustees, officers, and committee members to annually sign a statement affirming that each person has received, read, and understands the conflict of interest policy and that no such conflict exists. Additionally, interested persons have a duty to disclose any actual or possible conflicts of interest at the time they arise. After disclosing a potential conflict of interest, the affected person shall withdraw from any meetings, deliberations, votes, or other matters concerning the conflict.

To ensure that the Hospital does not engage in activities that could jeopardize its tax exempt status, the Board or a committee appointed by the Board periodically reviews compensation and similar arrangements to ensure they are reasonable and are the result of arms-length bargaining. In conducting these reviews the Board may use outside advisors.
