Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer lines 3b and 3c below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).</i>		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? <i>If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).</i>		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? <i>If "Yes," provide detail in Part VI.</i>		
b Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? <i>If "Yes," answer line 10b below.</i>		
b Did the organization have any excess business holdings in the tax year? <i>(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)</i>		

Part IV Supporting Organizations (continued)

	Yes	No
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in lines 11b and 11c below, the governing body of a supported organization?		
11a		
b A family member of a person described in line 11a above?		
11b		
c A 35% controlled entity of a person described in line 11a or 11b above? If "Yes" to line 11a, 11b, or 11c, provide detail in Part VI .		
11c		

Section B. Type I Supporting Organizations

	Yes	No
1 Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
1		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		
2		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		
1		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
1		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
2		
3 By reason of the relationship described in line 2, above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		
3		

Section E. Type III Functionally Integrated Supporting Organizations

1 Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions).

Check if your organization is covered by the **General Rule** or a **Special Rule**.

Note: Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of (1) \$5,000; or (2) 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Complete Parts I and II.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I (entering "N/A" in column (b) instead of the contributor name and address), II, and III.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year ▶ \$ _____

Caution: An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990, 990-EZ, or 990-PF), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990, 990-EZ, or 990-PF).

Part XIII Supplemental Information.

Provide the descriptions required for Part II, lines 3, 5, and 9; Part III, lines 1a and 4; Part IV, lines 1b and 2b; Part V, line 4; Part X, line 2; Part XI, lines 2d and 4b; and Part XII, lines 2d and 4b. Also complete this part to provide any additional information.

Part V, line 4:

Endowment amounts restricted by the Board of Directors are released by the Board as needed for special projects supplying benefit to the community at large. These funds are intended solely for the use of expanding services, and not for sustaining current operations.

Part X, Line 2:

The Hospital and Birch Bay Retirement Village (BBRV), a related organization, is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code). Mount Desert Management Company (MDMC), a related organization, is a for-profit entity and is, therefore, subject to income taxes. Income taxes are recorded based upon the asset

Part XIII Supplemental Information (continued)

and liability method as prescribed by Financial Accounting Standards Board (FASB) ASC 740, Income Taxes. At April 30, 2021 and 2020, MDMC has certain net operating loss carryforwards which have been reduced by a valuation allowance of an equal amount as it is not presently considered likely that the deferred tax assets will be realized.

Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the FASB, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The Organization has evaluated the positions taken on its filed tax returns. The Organization has concluded no uncertain income tax positions exist at April 30, 2021.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Mount Desert Island Hospital:

Part V, Section B, Line 5: In response to the COVID-19 pandemic, on April 9, 2020 the IRS released Notice 2020-23, which extended the time in which a state-licensed hospital must release an updated CHNA until July 15, 2020. Later in 2020, the IRS released Notice 2020-56 which further postponed this due date for hospitals required to complete a CHNA that would have been otherwise due between April 1, 2020 and December 31, 2020 to December 31, 2020.

Prior to the issuance of Notice 2020-23 and 2020-56, MDI Hospital had begun the process of completing its next CHNA and Implementation Strategy which was an update to its CHNA completed in tax year 2016. The Hospital was required to make its next CHNA widely available to the public by April 30, 2020. However, due to significant resource constraints brought about by the pandemic, it was unable to complete its new CHNA until after April 30, 2020.

As the Hospital was required to complete its next CHNA and Implementation Plan between April 1, 2020 and December 31, 2020, it was eligible for and relied on the relief provided in Notice 2020-23 and 2020-56. As the Hospital completed both its new CHNA and Implementation Plan prior to December 31, 2020, it did not fail to meet the requirements of Section 501(r) with respect to these publications. In accordance with IRS Instructions, the Hospital has used this Form 990 and Schedule H to begin its reporting of the new CHNA and Implementation Plan.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

The 2020 Community Health Needs Assessment and Action Plan was prepared by Mount Desert Island Hospital and Healthy Acadia, and published in July, 2020. This CHNA serves as a framework and guide for Mount Desert Island Hospital and Healthy Acadia in developing and strengthening our programming to fulfill community needs. Each organization prioritizes elements of the CHNA and Action Plan for implementation. The Plan is also available to all local organizations and citizens to support efforts to address and coordinate community health improvement.

Mount Desert Island Hospital's mission is to provide compassionate care and strengthen the health of the community by embracing tomorrow's methods and respecting time-honored values. MDIH is committed to providing the care that community members need, close to their homes. They foster and appreciate opportunities to hear from their community through bi-annual community forums and through a community health needs assessment every three years.

Through the Community Health Needs Assessment (CHNA) process, health care and provider-partners have largely followed a process entitled Mobilizing for Action through Planning and Partnerships (MAPP), which provides the framework for convening the variety of organizations, groups, and individuals that comprise the local public health system in order to create and implement the 2020 community health action plan. In those instances that the Hospital and its partners diverged from the MAPP process, they are explicit about the change and its purpose.

As part of the process of gathering community input for the 2020 CHNA, the

Mount Desert Island Hospital:

Part V, Section B, Line 11: The Hospital's 2020 CHNA Implementation Plan identified a series of core health needs, labeled as "Themes", and a variety of strategies to address each of these needs in a way that would be most efficient and effective for the community served by the Hospital.

The four core health-needs themes identified by the CHNA and its Implementation Plan are:

- 1. Accessibility, Affordability, and Quality of Healthcare
- 2. Mental Health and Community Connectedness
- 3. Social Determinants of Health
- 4. Substance Use

The Hospital aims to address these core health themes through a series of goals and overall strategies, including, but not limited to:

- 1. Accessibility, Affordability, and Quality to Healthcare Goals:
 - Increase awareness of available healthcare and prevention resources
 - Make healthcare and prevention resources more affordable and available
 - Overcome and reduce obstacles to accessing health resources
 - Increase overall resources to empower individuals to prevent and manage health issues and be active in the development and execution of their health plans

Schedule H, Part V, Section B, Line 20d:

MDI Hospital does not assume or engage in presumptive eligibility in assessing financial assistance or government assistance. However, any individual residing in the State of Maine who indicates the financial inability to pay a bill for a medically necessary service shall be evaluated for Financial Assistance. The patient's potential eligibility for governmental or other coverage will be assessed. This may include Medicaid and participation in Health Insurance Exchange coverage and subsidies. Additionally, a Financial Assistance Application/Disclosure Form is used to document each patient's overall financial situation. Credit reports may be used to verify the individual's financial circumstances. If an engaged collection agency suspects or gains knowledge that someone may need to apply for one of our programs, the agency sends out a financial assistance application to the patient or guarantor and proceeds to notify MDIH of the outreach. Accordingly, each collection agency engaged is aware of the policy on Financial Assistance. This allows the agency to report amounts that they have determined to be uncollectible due to the inability to pay in accordance with the Financial Assistance eligibility guidelines.

Part VI Supplemental Information

Provide the following information.

- 1 **Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 **Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 **Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 7:

The costing methodology utilized for this table was derived from Worksheet 2, ratio of patient care cost to charges with data from filed cost reports for the fiscal year.

Part I, Line 7g:

The Hospital provides to the community several provider based physician and specialty practices to serve this rural island population. These practices are listed on Part V of this schedule. The facility subsidizes their operating costs to maintain access and coordination of care to our population.

Part I, Line 7, Column (f):

The Bad Debt expense included on Form 990, Part IX, Line 25(A), but subtracted for purposes of calculating the percentage in this column is \$ 4,350,138.

Part II, Community Building Activities:

Part VI Supplemental Information (Continuation)

The Hospital strives to be a positive agent for change, care, and civic engagement within its community. As part of its fulfillment of the 2020 Community Health Implementation Plan, the Hospital has made efforts to work with community stakeholders, patients, care providers, community groups, and other organizations to promote efforts and programs related to personal fitness and activity; healthy and affordable food and nutrition; accessible transportation; and general volunteerism and communal engagement.

The Hospital offers many volunteer opportunities that allow neighbors and members of the community to engage with one another through a common effort to promote and improve themselves and the quality of life for others. The volunteers who donate their time to MDI Hospital, our Health Centers, and the Birch Bay Retirement Village play an important role in the experience of our patients, their families, and our community's residents. Volunteers frequently work alongside healthcare professionals, help in clinical and non-clinical areas, and support our mission to care for our community.

The Hospital's various volunteer and community programs foster engagement around a very diverse range of community building activities. Volunteers who are interested in assisting our new food programs make a difference to patients undergoing cancer treatment or those who are food-insecure by taking food orders, preparing orders for distribution, and distributing food to patients and/or clinics. Volunteers also assist with meal preparation for Hospital patients and staff. There are also volunteer opportunities for office and computer/technical assistants. Volunteers also contribute to the Hospital's emergency department and other auxiliary

Part VI Supplemental Information (Continuation)

services.

Outside of the Hospital setting, MDIH promotes volunteerism through its various Birch Bay Retirement Village programs. These programs present an opportunity for community members of all ages to form common bonds and meaningful connections. Volunteers and community members can contribute significantly to the quality of life of those living in the Birch Bay Retirement Home by becoming Care Partners, or by participating in "life enrichment" services, classes, and programs. The Hospital also provides and fosters opportunities for the community to connect over social and athletic clubs, music and public arts programs, and daycare and other youth initiatives.

The Hospital also cares deeply about community education. The Hospital partners with various government agencies, health care institutions, schools, colleges, and other organizations to promote medical and public health education and advocacy. The Hospital also offers various internship and apprenticeship opportunities for members of its community to become involved, and to contribute to the growth and success of the broader public.

Part III, Line 2:

The estimated cost of bad debt expense as reported is derived from the accounting systems and software the organization uses to calculate the cost-to-charge ratio from the as-filed Medicare Cost Reports.

Mount Desert Island Hospital (MDI Hospital) estimates the cost of bad debt expense using accounting systems and software from our organization to

Part VI Supplemental Information (Continuation)

calculate the cost of care from the as filed Medicare Cost Reports. This estimate best represents the value of providing care for those services that will be considered or deemed uncollectible. The value of these services at cost is estimated to be \$2,784,908. This is the amount the Hospital must forgive as a benefit to the community for providing services.

Part III, Line 3:

The Hospital's financial assistance policy provides administrative and accounting guidelines for the identification, classification, and reporting of patients receiving financial assistance as distinguished from bad debts. Accordingly, the Hospital has estimated that no amount of bad debt expense at cost is attributable to patients eligible under the organization's financial assistance policy.

Part III, Line 4:

See Footnote 2, beginning on Page 9, of the attached audited financial statements.

Part III, Line 8:

The IRS Form 990, Schedule H instructions and guidance provide a template in Worksheet 2 as a way to determine the overall cost to charge ratio that could be applied throughout Schedule H in order to convert charges to cost. Where applicable, we have utilized the Worksheet 2 template calculation. The only area where we did not utilize this template calculation was in Schedule H, Part III, Section B, Line 6, Medicare allowable costs and payments related to the subsidized health services. Instead, the Hospital utilized the Medicare Cost Report estimated cost and

Part VI Supplemental Information (Continuation)

payment for these services. The Hospital believes that provider based clinics listed in the Cost Report should be considered a community benefit due to the fact that without the Hospital subsidizing and offering the services that these clinics offer, the community-at-large would have to travel 45 minutes or more to the nearest similar hospital. As such, Mount Desert Island Hospital believes that by offering and subsidizing these clinics within its community, thus enabling community members to have easy access and an easier commute for these services, the entire community at large benefits.

Part III, Line 9b:

The Hospital would not initiate collection efforts against a patient that qualified for a sliding fee scale unless that patient failed to meet his or her obligation under a mutually agreed upon payment arrangement. After it was determined that the patient did not qualify for a readjustment to his or her payment terms, the Hospital would follow normal notification practices dictated by our collection policy, which is in compliance with the 501(r) regulations. Upon the qualifying defaults a patient's account may result in collection efforts. If the collection agency suspects or gains knowledge that someone may need to apply for one of the programs, the agency sends out a financial assistance application to the patient or guarantor and proceeds to notify MDIH of the outreach. Information about our free and sliding scale programs is on our website, on our account statements, and posted in public areas and at our provider clinics. Our Plain Language Summary is posted within our community as well. We also make available a Patient Financial Counselor to help advocate, assist and navigate the process.

Part VI Supplemental Information (Continuation)

Part VI, Line 2:

The Hospital's 2020 CHNA, which culminates in the Themes, Goals, and Strategies outlined in the report, has largely followed the Mobilizing for Action through Planning and Partnerships (MAPP) framework, including through the completion of three of four assessments prescribed by MAPP.

MAPP includes four distinct assessment processes, three of which were completed as part of the 2020 CHNA.

- The Community Themes and Strengths Assessment
- The Community Health Status Assessment
- The Forces of Change Assessment

The processes for conducting these three assessments are outlined below, as well as the additional COVID-19 assessment previously mentioned. Data from the Community Themes and Strengths, Community Health Status, and Forces of Change assessments was aggregated together to inform community conversations, called Theme Teams, around the theme areas that arose from the data. The process for conducting Theme Teams is also outlined below.

Process for conducting the Community Themes and Strengths Assessment:

The Community Themes and Strengths Assessment provides largely qualitative data on existing community health strengths, challenges, needs, and opportunities. For this assessment, CHNA coordinators spent four months collecting community input through an electronic and paper survey. Thousands of community members within the LSA were asked to answer broad-based questions about community health. Respondents were asked about area community health concerns and strengths, suggestions for needed

Part VI Supplemental Information (Continuation)

services, supports, and spaces, issues they would like to see more public discussion, education, and action around, and what they would like to see happen to build greater community health. We received 402 surveys from community members living, working, and/or receiving services in the LSA. The resulting data was organized into themes that greatly informed the final CHNA theme areas. It was shared with Theme Teams and highlights are included within the Themes sections of this report, under 'key findings'.

Through the surveying process, significant efforts were made to ensure that survey participants constitute a broad spectrum of the LSA, with representation proportionate to the LSA population demographics as much as possible. This was fulfilled through a diverse survey dissemination effort and frequent evaluation of respondent demographics. Data on zip code, gender, age, race and ethnicity, and healthcare payment methods were collected through the survey process, which enabled us to evaluate the success of the assessment's reach. In similar future assessment processes, CHNA Coordinators would recommend careful reconsideration of whether to collect income data and a source from which the survey was accessed, (neither were collected during this process out of respect for privacy) as well as clarifications to the question "How do you pay for healthcare?". In the future, this question might benefit from space to indicate employer provided insurance or privately purchased insurance, two categories which were not differentiated in the 2019-2020 survey.

While greater representation is always to be strived for as part of every needs assessment, CHNA Coordinators and Steering Committee Members feel confident that we heard from a largely representative group of community members with a range of interests and opinions regarding the health of

Part VI Supplemental Information (Continuation)

their communities and the efforts needed to increase community health.

Process for conducting Community Health Status Assessment:

The Community Health Status report provides quantitative data on demographics and health indicators that are significant in clarifying the landscape of community health needs initially presented through the Community Themes and Strengths Assessment and broadened by the Forces of Change Assessment.

This quantitative data, which was shared with Theme Teams and is included within the Themes sections of this report under 'key findings', has been sourced from the Hancock County Health Profile 2018: Maine Shared Community Health Needs Assessment (Maine Shared CHNA, 2018) unless otherwise noted. This tool includes health data from over 30 sources, representing the most recent data available as of March 2018 and most local data available. Data is used to illustrate significant trends impacting community health in the LSA and is not comprehensive.

Process for conducting Forces of Change Assessment:

There are always 'forces of change' that are occurring or might occur and affect the health of the LSA. These forces are beyond local control but may require local awareness and response. The Forces of Change Assessment explores current forces and possible threats or opportunities because of these forces.

This assessment was completed by the CHNA Steering Committee through a

Part VI Supplemental Information (Continuation)

member survey and group discussion. The Steering Committee identified numerous forces, as well as various threats and opportunities posed by each force. Highlights of this data was provided to Theme Teams and are included within the Themes sections of the report under 'key findings'.

Process for conducting Theme Team Meetings:

At the close of 2019, CHNA Coordinators worked together to review data from the three assessments outlined above. All efforts were made to maintain the breadth and depth of Community Themes and Strengths Assessment survey responses while collating data into community health topic areas. This assessment played a key role in the determination of CHNA theme areas, with the Health Status Assessment data and Forces of Change Assessment results complementing and informing our definitions of each theme area.

Five unique themes were initially determined to encompass the data. These were 1) Accessibility, Affordability, and Quality of Healthcare, 2) Acute and Chronic Disease and Conditions, 3) Mental Health and Community Connectedness, 4) Social Determinants of Health, and 5) Substance Use.

Theme Teams were convened to discuss these five initial themes through a selection process that included invitations to Community Themes and Strengths Assessment survey respondents who indicated interest in involvement in the broader assessment; participants in Theme Teams during the 2015-2016 CHNA cycle, all of whom are considered experts in unique areas of community health; and additional community members and health experts with unique expertise and experience relevant to one of the five

Part VI Supplemental Information (Continuation)

initial themes. In a format that differed from that of the previous CHNA assessment, Theme Team invitees were provided an opportunity to self-select the Theme Team or Theme Teams in which they wanted to participate. While this allowed invitees to join one or more given Theme Teams based on their interest and schedule availability, it also effectively resulted in less curated Theme Team participant groups. In similar future assessment processes, CHNA Coordinators would recommend careful reconsideration of whether to restructure this invitation process to ensure a balanced mix of perspectives and representation in each Theme Team.

Part VI, Line 3:

The Financial Assistance Policy (FAP) information is sent with all account statements and is printed on the back of the statement. A notice of the FAP in plain language is also available on our Hospital website, posted in public areas, and available within the departments and provider clinics of our organization. The Hospital provides a Patient Financial Counselor to help navigate the process to ensure that our patients have access to the care and services they need. MDI Hospital is committed to providing access to quality healthcare services with compassion, dignity, and respect for those we serve, particularly the poor, indigent, and underserved in our communities, regardless of their ability to pay. We assist our patients who cannot afford to pay for part or all of the services received by working with our community to identify those in need and find the financial resources that may be made available to them. MDI Hospital has adopted guiding principles when handling billing, collections, and

Part VI Supplemental Information (Continuation)

financial support functions for our patients. We provide effective communications with patients regarding hospital bills and make affirmative efforts to help patients apply for public and private financial support programs, including providing resources to perform the application process on behalf of the patient. We have implemented policies and procedures for assisting low income patients in a consistent manner that is in compliance with the State of Maine Chapter 150 Guidelines for Free and Reduced Care. These policies are reviewed by the Finance Committee of the Board of Trustees at a minimum annually, or as deemed necessary. The adjustment for Amounts Generally Billed is made annually after the acceptance of MDI Hospital's Medicare Cost Report by the regional Fiscal Intermediary (MAC). A Patient Financial Counselor is also available to assist with triaging patient needs and working with our patients to align resources. This representative is available to explain and review patient payment obligations. We also have a Patient Advocate to facilitate issues that arise during the course of this process. Information about Hospital-based financial support polices and external support programs that provide coverage for services is made available to patients during the pre-registration and registration processes and/or through communications with patients seeking financial assistance.

Support is available to uninsured and underinsured patients who do not qualify for public programs or other means of assistance. Notification about financial assistance programs at MDI Hospital, including contact information, is available through messaging included on patient bills, at provider clinics, in public areas, through care management and billing support staff, in registration areas, and at the reception areas in the Hospital and at our provider clinics. Patient brochures describing the

Part VI Supplemental Information (Continuation)

financial counseling services, our financial assistance policies, financial assistance application, and the applicable services which are available in these areas as well as on our public website, www.mdihospital.org. The annual review of these policies is done through the Board Appointed Finance Committee.

Part VI, Line 4:

MDI Hospital is a 25-bed critical access hospital located in Bar Harbor, Maine and licensed by the State of Maine. The mission is to provide compassionate care and strengthen the health of our community by embracing tomorrow's methods and respecting time-honored values. Its services include acute inpatient, swing bed, 24-hour emergency center, diagnostic services, lab, physical therapy, pharmacy, obstetrics, nursery, and surgical services.

Along with hospital services, the Hospital employs the majority of primary and specialty care physicians in the area. The Hospital provides the only behavioral health clinic services in Hancock County and partners with community agencies to sponsor Substance Use Disorder Treatment. These services have been identified as a need in the CHNA for mental and substance use treatment availability and the removal of stigma associated with mental and substance use disorders. Hancock and Washington counties are considered rural by the State of Maine and the United States Census Bureau, under guidelines set forth by the Office of Management and Budget (OMB). The Hospital service area (HSA) as defined by the Maine Health Data Organization (MHDO) uses the statistical method where the greatest proportion of residents received their inpatient care. The Hospital's primary service area is Mount Desert Island and the towns it supports as

Schedule H (Form 990)

Part VI Supplemental Information (Continuation)

well as the outer islands off the coast of Bar Harbor, Northeast Harbor, and Southwest Harbor. Also included in our service area are the towns of Trenton and Lamoine, Maine. The Hospital entered into a collaborative to bring dental and oral health services to Mount Desert Island, which is defined as a federally underserved location for dental health and identified as a need in the Hospital's CHNA. MDI Hospital sponsors a dental center in Southwest Harbor to address the community's needs for oral health, expanding access the past year to our community for outreach and dental health services.

The 2020 Community Health Needs Assessment (CHNA) and Action Plan for the Mount Desert Island Service Area serves as a framework and guide for Mount Desert Island Hospital and Healthy Acadia in developing and strengthening our programming to fulfill community needs. The Plan focuses on the nine-town service area of MDIH. These towns include Bar Harbor, Cranberry Isles, Frenchboro, Lamoine, Mount Desert, Southwest Harbor, Swans Island, Tremont, and Trenton. This nine-town area is the focus of this Plan. It is referred to here as the "Local Service Area" (LSA).

In 2010, the population of these 9 towns totaled 14,232, according to the U.S. census data. The LSA includes three municipalities on unbridged islands: Cranberry Isles, Frenchboro, and Swans Island. The LSA has high numbers of older adults, as well as seasonal visitors. There are significant numbers of self-employed individuals, contributing in part to significantly higher than average levels of uninsured people. In Hancock County, 12% of adults are uninsured, compared with 10% statewide (County Health Rankings, 2020).

Part VI Supplemental Information (Continuation)

Hancock County has average rates of high school educational attainment, with 88% graduating from high school, compared to the state rate of 87% (County Health Rankings, 2020). We are slightly below average in terms of college attendance; 64% of residents in Hancock County attend at least some college, while 68% of people have attended at least some college statewide (County Health Rankings, 2020). Our unemployment levels are slightly higher than the statewide average, (4.7% unemployment in Hancock County, compared with 3.8% statewide) (Maine Shared CHNA, 2018). Seasonal fluctuations in employment are also significant because a substantial part of our economy is based on seasonal tourism.

Part VI, Line 5:

MDI Hospital is committed to improving health and quality of life in the MDI region. Through innovation and effort, we strive to meet the evolving needs of our community with a compassionate, patient-centered approach to care. Our Integrated Care Philosophy is key to our strategies to improve health outcomes, provide improved access to care that is timely and appropriate and improve the overall health outcomes of the population we serve. Our dedication to excellence has been recognized with national awards for patient satisfaction and for the delivery of care in a rural setting. Today, MDI Hospital is a beacon of quality care for residents and visitors and a model of rural care delivery for the nation.

The Hospital is the second largest employer on Mount Desert Island. Our network of island health centers is our frontline, providing the community with top quality, individualized primary care where they feel most at home. Our Hospital network offers five primary care facilities in Bar Harbor, Southwest Harbor, and Trenton as well as a full service dental

Part VI Supplemental Information (Continuation)

clinic, a nationally recognized Imaging Department, and comprehensive behavioral health services.

MDI Hospital Organization Services include the following: Breast Health Center at MDI Hospital, Cadillac Family Practice, Cooper Gilmore Health Center, MDI General Surgery, MDI Orthopedics/Urology, Community Health Center, Community Dental Center, Lisa Stewart Women's Health Center, MDI Behavioral Health Center, Weekend Care Clinic, Trenton Health Center, 24-7 emergency room, acute care (swing beds), behavioral health services, breast health services including state-of-the-art digital mammography, cardiac rehabilitation, dental/oral health services, diabetes education, general surgery, imaging/radiology, infusion center, palliative care, laboratory services, neurology, nutrition education, obstetrical services, occupational therapy, oncology-hematology, orthopedics, pediatrics, physical therapy, podiatry, primary care, pulmonology, skilled rehabilitation, speech therapy, sports medicine, surgical services, urology, and women's health services. The Hospital is committed to the treatment and prevention of substance use disorder and partners with community agencies, our provider clinics and our behavioral health teams to become certified in medication assisted treatment certifications and continues to develop a sustainable treatment Hub and Spoke Center for the residents of Hancock County.

In fiscal year 2021, our healthcare professionals offered skilled services to the Downeast Region including free and uncompensated care. MDI Hospital and Health Centers do not turn away those in need of medical care, regardless of their ability to pay.

Part VI Supplemental Information (Continuation)

Community Partnerships: MDI Hospital partners with many area organizations to reach a broad range of community members. These community partnerships have included AOS-91 (Administrative School District), MDI YMCA, AMHC, Healthy Acadia, Jesup Memorial Library, Southwest Harbor Public Library, Hancock County Emergency Management, MDI Search and Rescue, Acadia National Park, Downeast Treatment Center, Life Flight of Maine, Northern Light Health, Northern Light-Eastern Maine Medical Center, Northern Light-Maine Coast, Northern Light-Blue Hill, Maine Rural Health Collaborative, EMS personnel throughout Hancock County, Bar Harbor Fire Station, Bar Harbor Chamber of Commerce, MDI Rotary, MDI Lioness Club, MDI YWCA, Bar Harbor Food Pantry, and the Southwest Harbor and Tremont Chamber of Commerce. These partnerships allow MDI Hospital and Health Centers to provide education, services, training and informational materials to individuals and organizations throughout Downeast Maine.

The Hospital continued to play a leading role in establishing the Downeast COVID-19 Task Force, which addresses pandemic-related issues. The Hospital provided more than 15,000 doses of the COVID-19 vaccine and performed over 6,400 COVID-19 tests for the community.

Dedicated Staff: MDI Hospital's dedicated staff contributed countless hours of volunteer time and donations to groups such as Hospice Volunteers of Hancock County, Bar Harbor Food Pantry, Bar Harbor Housing Authority, MDI Marathon, Maine Alzheimer's Association, Next Step Domestic Violence Project, MDI Rotary, Island Connections, MDI YMCA, Island Housing Trust, MDI Lioness Club, Acadia National Park, Beth C. Wright Cancer Center, Ellsworth Lioness and American Cancer Society Relay for Life. MDI Hospital staff also hosted a table during Bar Harbor's annual Halloween celebration

Part VI Supplemental Information (Continuation)

on Ledgelawn Avenue, providing warm drinks and healthy snacks to children. In addition, MDI High School sporting events, and Bar Harbor's annual Luminary Walk in honor of breast cancer awareness.

Oral Health Services: MDI Hospital has been proud to partner with the American Dental Association (ADA) to raise awareness of the critical need for access to oral healthcare. The Hospital's efforts provide children with oral hygiene instruction, cleanings, and fluoride varnish from registered dietitians. MDI Hospital is committed to providing greater access to quality dental health services in our community.

Childbirth Education Classes: MDI Hospital's OB department provides low-cost classes for new families on labor and delivery, breastfeeding, newborn care, sibling issues, and infant and child CPR. MDIH hosted prenatal yoga classes instructed by one of our OB Nurses.

Flu Shot Clinics: The Hospital conducts low-cost public flu clinics each year at several locations throughout the community each year.

Diabetes Education: MDI Hospital's Diabetes Education program provides guidance and support to help people manage their disease.

Telemedicine Services: Using two-way telecommunications technology, MDI Hospital can connect clinicians in the ICU, ER, and on outer islands with providers located miles away. Telemedicine was expanded very rapidly so that MDIH could continue to serve its patients during the COVID pandemic.

Nutrition Education: MDI Hospital dietitians provide a variety of

Part VI Supplemental Information (Continuation)

educational and outreach services to the community each year. MDI Hospital Community Health Educators and Health Coaches have achieved and continue to maintain National Diabetes Prevention Program status.

Palliative Care Team: MDI Hospital continued its Palliative Care Program offering both inpatient and outpatient consultations for patients suffering from life limiting illnesses. Our palliative care program focuses on improving quality-of-life for patients with life-limiting illnesses and their families through the prevention and relief of physical, social, and spiritual aspects of suffering.

Patient Navigator Program- MDI Hospital provides nurse navigators for our patients who are diagnosed with cancer. The Nurse Navigator is a support system that provides care, guidance, and service alignment for newly diagnosed patients to ensure seamless transitions of care through empathy and compassion.

Integrated Care Team: MDI Hospital continued operating under its Integrated Care Philosophy, a way to give patients better, more personalized care. Under the Integrated Care Philosophy, care is provided by a care team that works together to provide each patient with the best care possible, tailored to meet their needs. Care team members work side by side with patients and their families to improve health, wellness, and quality of life both in and out of the clinic setting.

Patient's care teams are led by his or her primary care practitioners, who helps to establish and maintain care plans. Patients receive regular follow-up calls from their care managers, also referred to as "Care

Part VI Supplemental Information (Continuation)

Callers", and additional support is available both at home and in the clinic setting to help improve the quality of their care and their access to care. If patients needs to be hospitalized, their care teams work with their hospital care practitioners to coordinate their care.

Oversight and training to all Island emergency medical services: MDI Hospital's Emergency Department is led by Nathan Donaldson, DO, MHA, FACEP. Dr. Donaldson is the Medical Director for all Bar Harbor, Northeast Harbor and Southwest Harbor Emergency Medical Services (EMS). Dr. Donaldson is a board-certified emergency physician with a background in sports medicine. As an EMS director, Dr. Donaldson facilitates quarterly education reviews and protocol updates for all Island EMS professionals.

ME

Schedule H, Part VI, Line 2 (continued):

After Theme Team meetings, it became clear that integrating Acute and Chronic Disease and Conditions content into the Accessibility, Affordability, and Quality of Healthcare was a reasonable and appropriate next step; the groups found that one Theme could not be discussed without simultaneously addressing the other. This left us

Part VI Supplemental Information (Continuation)

with the following four Theme areas: 1) Accessibility, Affordability, and Quality of Healthcare, 2) Mental Health and Community Connectedness, 3) Social Determinants of Health, and 4) Substance Use.

Process for conducting COVID-19 Community Health Impacts and Priorities Assessment:

In June 2020, the CHNA Steering Committee participated in an additional assessment process to compile relevant COVID-19 specific content and facilitate necessary updates and additions to content generated by the Community Themes and Strengths, the Community Health Status, and the Forces of Change assessments and the Theme Team meetings.

The Steering Committee outlined COVID-19 related community health strengths, challenges, needs, and opportunities within each of the four Theme Areas. Strong consideration was also given to whether some CHNA relevant COVID-19 content might not be encompassed by the four Theme Areas and it was determined that these four Theme Areas are able to accurately contain relevant COVID-19 additions.

All content generated through this COVID-19 Community Health Impacts and Priorities Assessment was integrated into this report, including in 'additional COVID-19 considerations' sections within the 'key findings' of each Theme section, as well as throughout the Goals and Strategies content of each Theme section, with footnotes highlighting these.

Data from these assessments and Theme Team meetings collectively provide a detailed picture of the current community health landscape in

Part VI Supplemental Information (Continuation)

the LSA, are represented in the 'key findings' under each of the following Theme areas, and are the foundation of the subsequent goals and strategies in each Theme area.

Schedule H, Part VI, Line 5 (continued):

Pharmaceutical Support for EMS Crash Boxes: The local EMS services and Mount Desert Island Hospital Pharmacy have an ongoing relationship where the Hospital pharmacy provides the medications for the ambulance services at no cost. This service allows the EMS crews to have the needed lifesaving medications on hand for MDI residents. EMS services and the pharmacy work closely to ensure compliance and ensure that the best medications are available for any emergency.

MDI Marathon: The Hospital has provided medical support and organizes volunteers for the MDI marathon for the past 15 years, though not held in 2021 due to the COVID-19 pandemic.

Subsidized Health Services: YES (Your Exercise Solution) class via Zoom during to the COVID 19 Pandemic MDI Hospital's free Wellness Program provides two classes per week for 50 weeks..

Free Blood Pressure Clinics: MDI Hospital's Community Health Educator provided free blood pressure clinics throughout the island.

Blood Drives- MDI Hospital sponsored a community blood drive during the Pandemic when supplies and shortage continued to threaten access to care.

Part VI Supplemental Information (Continuation)

Community Walking Program: Healthcare Coaches coordinate both spring and fall walking programs for the community.

Downeast Covid-19 Taskforce-led the community in providing critical information on prevention and mitigation strategies for spread of Covid-19. Provided community health coaches and advocates to educate the community, schools, businesses, municipalities, and front-line workers on prevention measures, including the distribution of over 55,000 procedure masks. Coordinated public service announcements to support masking, vaccination, and boosters. Coordinated asymptomatic surveillance testing for front line workers prior to vaccinations availability, including businesses and educators.

COVID-19 education, provided four community Town Halls and Public Forums with the latest epidemiology and data for awareness of the Pandemic focused on mental health, quarantine and isolation, testing, vaccinations, and vaccination boosting.

Free Cancer Support Group: With sponsorship from the MDI Hospital Auxiliary and MDI Behavioral Health Center, and in collaboration with the Beth C. Wright Cancer Resource Center, MDI Hospital provides free monthly support groups for patients, survivors, and their families.

Prescription Assistance Program: At no cost to patients, MDI Hospital's Prescription Assistance Program helps those who lack prescription coverage obtain access to free or reduced cost medications available through programs sponsored by pharmaceutical companies.

Part VI Supplemental Information (Continuation)

Chronic Disease Prevention Programs: MDI Hospital continues to provide support for programs operated by Healthy Acadia for the management of chronic disease.

Platinum Level Achievement- MDI Hospital has achieved the Platinum Level recognition from the Maine Tobacco-Free Hospital Network, which recognizes excellence in supporting tobacco free lifestyles and educating community about healthy choices and support to tobacco cessation classes.

Educational Binders- Asthma Patients, developed educational binders for our asthma patients. These are designed to aid both adult and pediatric patients with educational materials for achieving health goals.

Affordable Care Act Education: MDI Hospital offered health insurance enrollment counseling to help community members explore their health insurance options on the Health Insurance Marketplace.

COVID-19 Response: MDI Hospital was a leading figure in the battle against COVID-19 in its community. The Hospital provided vaccines, personal protective care, public education, and treatment to those suffering from the Pandemic and their families.

Other Programs: MDI Hospital's health fair; MDI Hospital health screenings held at COA; bone density and cholesterol screenings at MDI High School; pre-diabetes classes were offered free to the community; MDI Hospital hosted blood drives; smoking cessation group was offered.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Mount Desert Island Hospital and Subsidiaries

We have audited the accompanying consolidated financial statements of Mount Desert Island Hospital and Subsidiaries, which comprise the consolidated balance sheets as of April 30, 2021 and 2020, the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
Mount Desert Island Hospital and Subsidiaries

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mount Desert Island Hospital and Subsidiaries as of April 30, 2021 and 2020, and the results of their operations, changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MOUNT DESERT ISLAND HOSPITAL AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years Ended April 30, 2021 and 2020

1. **Organization**

Mount Desert Island Hospital (Hospital) located in Bar Harbor, Maine is a not-for-profit healthcare facility designated as a critical access hospital (CAH) by Medicare for reimbursement purposes. Birch Bay Retirement Village (BBRV or Community) operates a facility (Inn) consisting of 32 assisted living and 23 independent living units. Mount Desert Management Company (MDMC) is a for-profit entity (owned by BBRV) established to develop cottages, which are part of the Community and are located in close proximity to the Inn. Once the cottages were completed and sold, ownership of the cottages transferred from MDMC to Birch Bay Village Association (BBVA or Association). The Association is a separate entity owned by the shareholders/cottage owners. Its assets, liabilities and operations are not included in these consolidated financial statements.

The Hospital is a member of the Maine Rural Health Collaborative (Collaborative), a limited liability company, along with five other Maine healthcare organizations. The purpose of the Collaborative is to promote the effective, efficient and rational expenditure of each member's resources to preserve and enhance future access to critical, primary, and preventative healthcare services within the communities served by the members.

2. **Summary of Significant Accounting Policies**

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Hospital and its wholly-owned subsidiaries, BBRV and its subsidiary MDMC (collectively, Organization). Intercompany balances and transactions have been eliminated from the consolidated financial statements.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The more significant areas which are affected by the use of estimates include accounts receivable valuation, the reserves for self-insurance, reserves for medical malpractice liability and estimated third-party payor settlements.

Cash and Cash Equivalents

All highly liquid savings deposits and investments with maturities of three months or less when purchased are considered to be cash equivalents.

The Organization maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. It has experienced no losses in such accounts, and management believes it is not exposed to any significant risk on cash and cash equivalents.

MOUNT DESERT ISLAND HOSPITAL AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years Ended April 30, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Balances that are still outstanding after management has used reasonable collection efforts are written off.

When the Hospital has an unconditional right to payment, subject only to the passage of time, the right is treated as a receivable. Patient accounts receivable, including billed accounts and unbilled accounts for which there is an unconditional right to payment, and estimated amounts due from third-party payors for retroactive adjustments, are receivables if the right to consideration is unconditional and only the passage of time is required before payment of that consideration is due. For accounts receivable, the estimated uncollectible amounts are generally considered implicit price concessions that are a direct reduction to patient accounts receivable rather than allowance for uncollectible accounts.

Investments

Investments are measured at fair value on the balance sheet. Investment income, including realized and unrealized gains and losses on investments, interest and dividends, is included in the excess of revenues, gains and other support over expenses unless the income is restricted by donor or law. Gains and losses on sales of investments are computed based on specific identification of the investment sold. Periodically, management reviews the investment portfolio for securities with unrealized losses in value that may be other than temporary and reclassifies such losses to other income (loss).

The fair value topic of the Accounting Standards Codification (ASC) defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Under GAAP, certain assets and liabilities must be measured at fair value, and disclosures are required for items measured at fair value. Entities may elect to report financial instruments and certain other items at fair value on a contract-by-contract basis with changes in value reported in the excess of revenues, gains and other support over expenses. The Organization made this election to reflect changes in the fair value, including both increases and decreases in value whether realized or unrealized, in its excess of revenues, gains and other support over expenses.

Investments in general are exposed to various risks such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets.

Inventories

Inventoried supplies, which include pharmaceuticals, are carried at the lower of cost (determined by the first-in, first-out method) or net realizable value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years Ended April 30, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Trustee Held Funds and Assets Limited as to Use

In connection with its bonds payable to Maine Health and Higher Educational Facilities Authority (MHHEFA), the Organization is required to maintain certain funds which are held by bond trustees. In addition, the Board of Trustees periodically segregates certain general fund assets as internally designated assets in order to provide for the future replacement of property and equipment and other uses.

Deferred Financing Costs

Deferred financing costs represent issuance costs incurred in relation to notes payable and other long-term obligations. The issuance costs are being amortized using the straight-line method over the life of the debt and are classified as part of long-term obligations on the balance sheet.

Net Assets With Donor Restrictions

Net assets with donor restrictions include those assets whose use by the Organization has been limited by donors or law to a specific time period or purpose. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Beneficial Interest in Perpetual Trusts

Beneficial interests in perpetual trusts consist of the Organization's proportionate share of the fair value of assets held by trustees in trust for the benefit of the Organization in perpetuity, the income from which is available for distribution to the Organization periodically. The assets held in trust consist primarily of cash equivalents and marketable securities. The fair values of perpetual trusts are measured using the net asset value as a practical expedient. Such amounts are included in net assets with donor restrictions in the accompanying consolidated balance sheets. Distribution from beneficial interests in perpetual trusts is included in other income (loss), unless restricted by donors.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Organization are reported at fair value at the date the promise is received. The gifts are reported as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statement of operations and changes in net assets as net assets released from restrictions.

Pledges Receivable

Pledges receivable represent promises to give by donors in connection with the Organization's capital campaign. All pledges receivable are expected to be collected in the next one to four years. An allowance for pledges receivable is provided as necessary by management based on a review of the underlying pledges. The Organization has determined that a \$156,000 allowance for uncollectible pledges receivable is necessary at April 30, 2021. Amounts will be charged off against the established allowance when deemed necessary.

2. Summary of Significant Accounting Policies (Continued)

Property and Equipment

Property and equipment is stated at cost or at fair value at the date of donation for assets contributed to the Organization. The provision for amortization and depreciation of property and equipment has been determined on the straight-line method in a manner which is intended to amortize the cost of assets over their estimated useful lives. Assets which have been purchased but not yet placed in service are included in construction in progress and no depreciation expense is recorded on such assets.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support, and excluded from the excess of revenues, gains, and other support over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. Payment arrangements include prospectively-determined rates per discharge, reimbursed costs, discounted charges and per diem payments. Patient service revenue is reported at the amount that reflects the consideration to which the Hospital expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government programs), and others and include variable consideration (reductions to revenue) for retroactive revenue adjustments due to settlement of ongoing and future audits, reviews, and investigations.

The Hospital uses a portfolio approach to account for categories of patient contracts as a collective group rather than recognizing revenue on an individual contract basis. The portfolios primarily consist of major types of payors. Based on historical collection trends and other analyses, the Hospital believes that revenue recognized by utilizing the portfolio approach approximates the revenue that would have been recognized if an individual contract approach were used.

Free and Discounted Care

The Hospital provides care to patients who meet certain criteria under its free and discounted care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as free and discounted care, they are not reported as revenue. The Hospital maintains records to identify the amount of charges foregone for services and supplies furnished under its free and discounted care policy, as well as the estimated cost of those services and supplies and equivalent service statistics.

MOUNT DESERT ISLAND HOSPITAL AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years Ended April 30, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

The following information measures the level of free and discounted care provided during the years ended April 30:

	<u>2021</u>	<u>2020</u>
Charges foregone, based on established rates	\$ <u>658,000</u>	\$ <u>524,000</u>
Estimated costs and expenses incurred to provide free and discounted care	\$ <u>429,000</u>	\$ <u>338,000</u>
Equivalent percentage of free and discounted care charges to all Hospital patient charges	<u>0.65%</u>	<u>0.65%</u>

Cost of providing free and discounted care services has been estimated based on an overall financial statement ratio of costs to charges applied to free and discounted care charges forgone.

Excess of Revenues, Gains and Other Support Over Expenses

The consolidated statements of operations include excess of revenues, gains and other support over expenses. Changes in net assets without donor restrictions which are excluded from this measure, consistent with industry practice, include net assets released from restrictions used for purchase of property and equipment.

Income Taxes

The Hospital and BBRV are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code). MDMC is a for-profit entity and is, therefore, subject to income taxes. Income taxes are recorded based upon the asset and liability method as prescribed by Financial Accounting Standards Board (FASB) ASC 740, *Income Taxes*. At April 30, 2021 and 2020, MDMC has certain net operating loss carryforwards which have been reduced by a valuation allowance of an equal amount as it is not presently considered likely that the deferred tax assets will be realized.

Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the FASB, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The Organization has evaluated the positions taken on its filed tax returns. The Organization has concluded no uncertain income tax positions exist at April 30, 2021.

Prospective Accounting Pronouncement

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)* (ASU 2016-02). Under ASU 2016-02, at the commencement of a long-term lease, lessees will recognize a liability equivalent to the discounted payments due under the lease agreement, as well as an offsetting right-of-use asset. ASU 2016-02 is effective for the Organization on May 1, 2022, with early adoption permitted. Lessees (for capital and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the consolidated financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. Lessees may not apply a full retrospective transition approach. The Organization is currently evaluating the impact of the pending adoption of ASU 2016-02 on the consolidated financial statements.

COVID-19 Pandemic and CARES Act and Other Relief Funding

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus (COVID-19) a pandemic. In response, the federal and state governments provided financial assistance to health care organizations. During the year ended April 30, 2020, the Hospital received an \$8 million advance payment from the Medicare Accelerated and Advanced Payment Program. Payments made under this federal program must be repaid. During 2021, approximately \$200,000 of repayment had been made and, based on repayment guidelines, \$7.8 million was recorded in estimated third-party payor settlements as a short-term liability.

In addition, during the years ended April 30, 2021 and 2020, the Hospital received \$5.5 million and \$1.3 million, respectively, in relief funds and grants from federal and state sources. These Provider Relief Funds (PRF) are not required to be repaid, provided the Hospital is able to attest and comply with the terms and conditions of the funding, including demonstrating that the distributions received have been used for healthcare-related expenses or lost revenue as a result of the COVID-19 pandemic. Such funds are accounted for as government grants and are recognized on a systematic and rational basis as other income once there is reasonable assurance that the applicable terms and conditions required to retain the funds will be met. The grants include \$5.3 million and \$1.3 million related to the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act) PRF received in 2021 and 2020, respectively. The Hospital has recorded \$5.3 million as deferred revenue as of April 30, 2021 and recognized approximately \$200,000 of other revenue for the year ended April 30, 2021. For the year ended April 30, 2020, the Hospital had recognized \$1.3 million in PRF funding as other revenue. The Hospital will continue to monitor reporting compliance with the terms and conditions for the PRF payments. If the Hospital is unable to attest to or comply with current or future terms and conditions, the Hospital's ability to retain some or all of the payments received may be impacted.

In April 2020, the Organization received loan proceeds from the Small Business Association (SBA) in the amount of \$7,551,500 under the Paycheck Protection Program (PPP). The PPP, established as part of the CARES Act, provided for loans to business in amounts up to 2.5 times the average monthly payroll expenses for the Organization. Loans were subject to terms that were forgivable after eight or twenty-four weeks, based on the borrower's election, as long as the borrower used the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The Organization utilized all of the proceeds for the purpose consistent with the PPP. During the April 30, 2021 fiscal year, the Organization received notification that 100% of its PPP loans had been forgiven by the SBA and no further action is required. The Organization recognized \$7,551,500 as CARES Act relief funding revenue for the year ended April 30, 2021 as other income.

Reclassifications

Certain 2020 amounts have been reclassified to permit comparison with the 2021 consolidated financial statement presentation format.

Subsequent Events

Events occurring after the consolidated balance sheet date are evaluated by management to determine whether such events should be recognized or disclosed in the consolidated financial statements. Management has evaluated subsequent events through August 12, 2021, which is the date the consolidated financial statements were available to be issued.

3. Patient Service Revenue and Estimated Third-Party Payor Settlements

Revenues generally relate to contracts with patients in which the Hospital's performance obligations are to provide health care services to patients. Revenues are recorded during the period obligations to provide health care services are satisfied. Performance obligations for inpatient services are generally satisfied over a period of days. Performance obligations for outpatient services are generally satisfied over a period of less than one day. The contractual relationships with patients, in most cases, also involve a third-party payor (Medicare, Medicaid, managed care health plans and commercial insurance companies, including plans offered through the health insurance exchanges) and the transaction prices for the services provided are dependent upon the terms provided by Medicare and Medicaid or negotiated with managed care health plans and commercial insurance companies, the third-party payors. The payment arrangements with third-party payors for the services provided to related patients typically specify payments at amounts less than standard charges.

The Hospital has agreements with third-party payors that provide for payments at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

- Medicare - The Hospital is designated as a CAH. Under that designation, the Hospital is reimbursed 101% of allowable costs for its inpatient and outpatient services provided to Medicare patients. The Hospital is reimbursed for cost reimbursable items at tentative interim rates with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. The Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through April 30, 2017.
- MaineCare - The Hospital's approval for CAH status also impacts reimbursement under the MaineCare program, whereby the Hospital is reimbursed 109% of allowable cost for inpatient and outpatient services. Other items not classified as inpatient or outpatient by MaineCare are reimbursed at cost or some specified discount from cost. The Hospital is reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the fiscal intermediary. Final settlements have been issued through April 30, 2016.

3. Patient Service Revenue and Estimated Third-Party Payor Settlements (Continued)

- Anthem - Services provided to Anthem subscribers were reimbursed at a discount from established charges and settlements are performed annually. The Anthem settlement has been finalized for 2020.
- Other - The Hospital has entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the Hospital under these agreements includes prospectively-determined rates per discharge, discounts from established charges and prospectively-determined daily rates.

Revenues are based upon estimated amounts that the Hospital expects to be entitled to receive from patients and third-party payors. Revenues under managed care and commercial insurance plans are based upon the payment terms specified in the related contractual agreements. Revenues related to uninsured patients and uninsured copayment and deductible amounts for patients who have health care coverage may have discounts applied (uninsured discounts and contractual discounts) and the recorded revenue is based primarily on historical collection experience.

Revenues from third-party payors and the uninsured are summarized as follows at April 30:

	<u>2021</u>	<u>2020</u>
Medicare	\$20,962,578	\$22,184,014
Medicaid	5,049,221	4,242,844
Anthem Blue Cross and Blue Shield	8,273,267	8,000,792
Other third-party payors	25,898,293	22,487,074
Patients	<u>3,209,584</u>	<u>3,697,335</u>
Patient service revenue	<u>\$63,392,943</u>	<u>\$60,612,059</u>

The collection of outstanding receivables for Medicare, Medicaid, other third-party payors and patients is the Hospital's primary source of operating cash and is critical to operating performance. The primary collection risks relate to uninsured patient accounts, including patient accounts for which the primary insurance carrier has paid the amounts covered by the applicable agreement, but patient responsibility amounts (deductibles and copayments) remain outstanding. Implicit price concessions relate primarily to amounts due directly from patients. Estimated implicit price concessions are recorded for all uninsured accounts, regardless of the aging of those accounts. Accounts are written off when all reasonable internal and external collection efforts have been performed. The estimates for implicit price concessions are based upon management's assessment of historical writeoffs and expected net collections, business and economic conditions, trends in federal, state and private employer health care coverage and other collection indicators. Management relies on the results of detailed reviews of historical writeoffs and collections at facilities that represent a majority of the Hospital's revenues and accounts receivable as a primary source of information in estimating the collectability of accounts receivable.

3. Patient Service Revenue and Estimated Third-Party Payor Settlements (Continued)

Revenue from the Medicare and MaineCare programs accounted for approximately 33% and 8%, respectively, of the Hospital's patient service revenue for the year ended April 30, 2021, and 36% and 7%, respectively, for the year ended April 30, 2020. Laws and regulations governing the Medicare and MaineCare programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Patient service revenue (decreased) increased by approximately \$(190,000) and \$1,400,000 in 2021 and 2020, respectively, as a result of prior year settlements and changes in prior year third-party payor estimates.

The State of Maine enacted legislation establishing a health care provider tax (State tax). As a result, the Hospital was subjected to and recorded \$1,124,112 and \$1,114,124 of State tax in 2021 and 2020, respectively.

4. Trustee Held Funds

As part of the agreements the Organization has with MHHEFA in conjunction with its bond issues, the Organization is required to maintain certain debt service funds. The total amounts held in these funds by a trustee are as follows at April 30:

	<u>2021</u>	<u>2020</u>
2010B	\$ —	\$391,694
2012A	95,100	92,333

Investments with and without donor restrictions at fair value consist of the following at April 30:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 2,034,525	\$1,495,119
Exchange traded funds	244,628	754,131

	<u>\$11,989,624</u>	<u>\$8,454,765</u>

The Hospital's primary responsibility is to provide health care services to the communities within its service area. In order to accomplish this goal, the Hospital maintains resources to assure monies are available to provide for future retirement of debt, replacement of capital equipment, and a return on investment in order to accommodate inflationary increases in equipment costs and to remain technologically current.

In accordance with the Board of Trustees' (Board) interpretation of the State of Maine's *Uniform Prudent Management of Institutional Funds Act* (UPMIFA), the Hospital includes earnings on endowment net assets with donor restrictions as accumulated appreciation on donor-restricted endowment funds until appropriated for expenditure by proper governing Board action. From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Hospital has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law.

The basic objectives of the Hospital's investment policy are to emphasize long-term growth of principal while avoiding excessive risk and to achieve returns in excess of spending plus the rate of inflation over the investment horizon in order to preserve the purchasing power of Hospital assets to fund new programs and capital purchases. The long-term asset mix of investments is based on the following allocation guidelines:

<u>Asset Class</u>	<u>Range Minimum-Maximum</u>
Equities	40% - 80%
Fixed income securities	15% - 60%
Short-term bonds	0% - 20%
Cash and cash equivalents	0% - 10%

Total annualized returns of an actively managed portfolio are expected to:

- Meet or exceed, on a risk adjusted basis, the return of a balanced market index comprised of:
 - 70% MSCI ACWI Index
 - 25% Barclays Aggregate Bond Index
 - 5% Barclays 1-3 year Government Aggregate Bond Index

7. Real Estate Development Costs

BBRV is a retirement community located in Hulls Cove, Maine, which consists of several different components located on the same campus. One component of the Community is a 55-unit facility referred to as the Inn, which consists of 32 assisted living suites and 23 independent living apartments.

The other component of the Community is 20 separate cottage units. The occupancy of the units at BBVA is made available to shareholders of BBVA through residency agreements. The cost of these cottages and operating results of BBVA are not reflected in the Hospital's consolidated financial statements.

The land the cottages are situated on is leased from BBRV to BBVA and is managed by MDMC. The land lease requires monthly rental payments for a period of 99 years. The initial base rent is \$600 per cottage per year. Lease payments were \$12,000 in both 2021 and 2020, and management fees were approximately \$181,000 and \$176,000 in 2021 and 2020, respectively. Due from BBVA of \$134,272 and \$118,654 at April 30, 2021 and 2020, respectively, represents land lease payments, cooperative fees and shared expenses expected to be received within one year.

As of April 30, 2021 and 2020, BBRV maintained priority deposits to reserve units in the Inn, as well as security deposits for residents, totaling \$277,826 and \$250,984, respectively. These funds are held separately. The priority deposits are noninterest bearing and are refundable.

8. Borrowings (Continued)

The Hospital and BBRV are required to make monthly deposits with the trustee to fund principal and interest payments on the bonds as they come due. The Hospital's 2020 and 2017 bonds are collateralized by a security interest in all gross receipts of the Hospital, its equipment and a mortgage lien on the Hospital real estate. BBRV's 2020, 2012 and 2010 bonds are collateralized by the gross receipts of BBRV, its equipment and fixtures, and a mortgage lien on BBRV's real estate.

In June 2020, BBRV entered into a note agreement with MHHEFA in conjunction with MHHEFA's issuance of Revenue Bond Series 2020A. Proceeds were used for insubstance defeasance of Revenue Bond Series 2010B. BBRV anticipates a net interest reduction over the term of the new note and recognized a gain on refinance of \$53,565 in the year ended April 30, 2021.

Under their agreements with MHHEFA, the Hospital and BBRV must meet certain restrictive loan covenants. The Hospital was in compliance with these requirements at April 30, 2021.

Assets recorded under capital leases totaled \$1,216,551 at April 30, 2021 and 2020. Accumulated amortization associated with these assets totaled \$920,793 and \$794,352 in 2021 and 2020, respectively. The cost of these assets has been included with property and equipment. Because the Hospital has the right to purchase the leased assets for nominal amounts at the end of the lease terms, such assets are amortized over their useful lives, which exceed the lease terms. Amortization expense for assets under capital leases was approximately \$126,441 and \$235,000 in 2021 and 2020, respectively, and has been included with depreciation and amortization expense in the consolidated financial statements.

Scheduled principal repayments on long-term obligations are as follows:

	<u>2,455,702</u>	<u>2,075,876</u>
Total net assets with donor restrictions	<u>\$6,058,312</u>	<u>\$4,020,939</u>

The Hospital is the beneficiary of five trusts as of April 30, 2021 and 2020, a portion of the income from which is unrestricted and is to be paid to the Hospital in perpetuity for hospital operations. The Hospital's interest in the trusts is recognized as an asset based on the fair market value of the underlying assets, which totaled \$2,019,057 and \$1,639,231 as of April 30, 2021 and 2020, respectively. Increases and decreases in the carrying value of these assets are included in net assets with donor restrictions.

In addition to these five trusts, the Hospital has been named the beneficiary of a sixth trust, that is used to fund a scholarship for a local student in the medical field. The Hospital has been unable to obtain sufficient information to estimate the fair value of the beneficial interest and has not reflected the trust on the consolidated balance sheet. The Hospital received distributions from the trust in the amount of \$28,463 and \$24,992 in 2021 and 2020, respectively. The distributions are considered donor restricted until expended for scholarships.

10. Deferred Compensation

The Hospital has established a deferred compensation plan that permits management and highly compensated employees to defer portions of their compensation based on Internal Revenue Service guidelines. The Hospital has recorded \$4,034,969 and \$3,581,312 at April 30, 2021 and 2020, respectively, to reflect its liability under this plan. The Hospital has a corresponding asset of \$4,034,969 and \$3,581,312 (assets consist entirely of mutual funds) at April 30, 2021 and 2020, respectively. Under the plan, all gains and losses in related investments increase or decrease the deferred compensation liability and corresponding asset.

11. Retirement Plan

The Hospital has an Employee Savings Retirement Plan (Plan) under Section 403(b) of the Code. The Plan allows employees to defer certain amounts into the Plan and also provides for employer matching contributions into the Plan on behalf of an employee who has reached age 21 and completed two (2) years of eligible service (1,000 hours worked in each of those years). The Hospital matches employee contributions of 1% - 4% of eligible earnings at 1.25% - 4.25%, respectively, and employee contributions in excess of 4% are matched at 4.25%. All eligible employees receiving the employer match are 100% vested. Pension expense was \$601,474 and \$577,573 for 2021 and 2020, respectively.

12. Concentrations

Credit Risk

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors was as follows:

	<u>2021</u>	<u>2020</u>
Medicare	15%	16%
MaineCare	4	4
Anthem	9	5
Other third party payors	31	29
Patients	<u>41</u>	<u>46</u>
	<u>100%</u>	<u>100%</u>

Labor Force

The Hospital's unionized labor workforce are members of the National Nurses Organizing Committee and National Nurses United Local Unit #982. It is approximately 15.7% of the Hospital's work force. The current union contract is in effect through April 30, 2022.

13. Contingencies

The Hospital insures its medical malpractice risks on a claims made basis. At April 30, 2021 and 2020, there were no known malpractice claims outstanding which, in the opinion of management, will be settled for amounts in excess of insurance coverage nor are there any unasserted claims or incidents which require loss accrual. The Hospital intends to renew coverage on a claims made basis and anticipates that such coverage will be available.

In accordance with ASU No. 2010-24, *Presentation of Insurance Claims and Related Insurance Recoveries*, the Hospital recorded a liability of \$1,349,000 and \$2,824,000 related to potential exposure arising from professional liability losses at April 30, 2021 and 2020, respectively. The Hospital also recorded a receivable of \$1,349,000 and \$2,824,000 at April 30, 2021 and 2020, respectively, related to estimated recoveries under insurance coverage for recoveries of the potential losses. In addition to the foregoing, at April 30, 2021 and 2020, the Hospital recorded an estimated liability of potentially incurred but not reported claims of approximately \$656,000 and \$606,000, respectively.

Self-Insurance Program

The Hospital self-insures its employee health benefits and has estimated and recorded amounts to meet its expected obligations under the program. Total expense for health benefits was \$5,932,555 and \$7,123,980 in 2021 and 2020, respectively. The Hospital provided services totaling \$5,159,956 and \$4,935,790 in 2021 and 2020, respectively, which represents services rendered for Hospital employees for which the Hospital recorded revenue. Stop loss insurance coverage is in effect which mitigates the Hospital's exposure to loss on an individual and aggregate basis.

The Hospital also participates in a self-insured workers' compensation insurance plan through an industry cooperative. Current funding levels by the Hospital and other participants in the cooperative are expected to be adequate to meet future claims. Excess insurance has been purchased to mitigate the cooperative's exposure to loss on large aggregate claims over a certain level.

14. Operating Leases

The Hospital leases medical buildings and equipment under operating leases with varying terms and expiration dates. Rent expense, under these leases, for the years ended April 30, 2021 and 2020 was \$1,123,828 and \$881,532, respectively. Future minimum payments under the fixed terms of these operating leases are as follows:

2022	\$ 545,191
2023	374,377
2024	237,080
2025	102,133
2026	<u>725</u>
	<u>\$1,259,506</u>

15. Volunteer Services

Total volunteer service hours provided annually to the Hospital were approximately 2,450 and 4,400 in 2021 and 2020, respectively. The volunteers provide various nonspecialized services to the Hospital and BBRV, none of which have been recognized as revenue or expense in the consolidated statements of operations.

16. Functional Expenses

The Organization provides general health services to residents within its geographic location. Expenses related to providing these services are as follows at April 30:

	<u>Healthcare</u>	<u>General and Administrative</u>	<u>Total</u>
<u>2021</u>			
Salaries and wages	\$34,523,964	\$ 8,604,964	\$43,128,928

	<u>\$56,333,077</u>	<u>\$13,553,531</u>	<u>\$69,886,608</u>

The consolidated financial statements report certain expense categories that are attributable to more than one healthcare service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function are allocated to a functional region based on a square-footage or units-of-service basis.

17. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

17. Fair Value Measurements (Continued)

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities measured at fair value on a recurring basis are summarized below. Fair values were primarily determined using the market approach.

18. Liquidity and Availability

Financial assets available for general expenditure within one year of the balance sheet date consist of the following at April 30, 2021:

Cash and cash equivalents	\$20,308,418
Accounts receivable	8,765,331
Board designated investments	<u>9,239,943</u>
	38,313,692
Less Medicare advance funds received	<u>(7,787,383)</u>
	<u>\$30,526,309</u>

The Organization regularly monitors liquidity required to meet operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. The Organization has various sources of liquidity at its disposal, including cash and cash equivalents, investments, and lines of credit. See Note 8 for information about the Organization's lines of credit.

The Organization's governing Board has designated a portion of unrestricted resources for future purposes. These funds are invested for long-term appreciation and current income but remain available and may be spent at the discretion of the Board. Accordingly, these assets have been included in the quantitative information above.

The Organization has other investments restricted by donors or for debt service. These investments, which are more fully described in Notes 4 and 5, are not available for general expenditure within the next year and are not reflected in the amounts above.

ON ADDITIONAL INFORMATION**

Board of Trustees
Mount Desert Island Hospital and Subsidiaries

We have audited the consolidated financial statements of Mount Desert Island Hospital and Subsidiaries as of and for the years ended April 30, 2021 and 2020, and have issued our report thereon, which contains an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information is presented for purposes of additional analysis rather than to present the financial position, results of operations and cash flows of the individual entities and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Form 990, Part III, Line 4a, Program Service Accomplishments:

medication therapy management, health coaching, care management, coagulation management, financial and insurance workshops, and our oral health program which included education and outreach to the community, schools, and service providers. The Hospital provides volunteers as Certified Application Counselors to help enroll and educate members of our community into the Health Insurance Exchange options. Throughout the year, staff from the Hospital make presentations to area school children regarding smoking cessation, wellness, health, activity, nutrition, and oral health, including Give Kids a Smile Day, in which free or reduced cost screenings are available. Additionally, community groups such as the YMCA, Alcoholics Anonymous, Cancer Support, and Palliative Care use the Hospital's conference rooms for their meetings. Many hospital staff members serve other nonprofits in capacities such as volunteer hours and board of directors' memberships, as well as memberships in service organizations such as the local Healthy Acadia, Rotary, Chamber of Commerce, and Lions/Lioness clubs.

Form 990, Part VI, Section A, line 6:

Persons who have endorsed the stated purpose of the Hospital shall be eligible for membership as Incorporators. The term of membership of all Incorporators shall be 5 years and terms expire at each Annual Meeting. At the Annual Meeting, the Incorporators may re-elect some or all of the Incorporators whose terms have expired at that meeting and may elect additional Incorporators provided, however, that the total number of members being re-elected plus additional members being elected shall not

exceed thirty five elected members.

Form 990, Part VI, Section A, line 7a:

The voting Trustees shall be a maximum of 22 in number. The elected Incorporators shall choose up to 19 Trustees, all of whom shall have full voting rights.

Form 990, Part VI, Section B, line 11b:

The Form 990 is prepared by an outside independent accounting firm with input and assistance from Finance Department staff. The Trustees are provided with an electronic copy of the Form 990 and all supporting schedules (printed versions are also available upon request), except Schedule B which discloses donor information. Once the Finance Committee has completed its review, all Board of Trustees members are provided with a copy of the public version of Form 990. Trustees are given the opportunity to comment and review before the Form 990 is filed with the IRS. The President & CEO and the VP of Finance & CFO are available to answer any inquiries from members of the Board of Trustees. Trustees are also provided with a copy of the final Form 990 as it is filed.

Since the board reviews a public disclosure version of the 990 prior to filing, which has donor information redacted, Form 990, Line 11a has been answered "No".

Form 990, Part VI, Section B, Line 12c:

Mount Desert Island Hospital monitors and enforces compliance with the conflict of interest policy by requiring all trustees, officers, and committee members to annually sign a statement affirming that each person

Name of the organization

has received, read, and understands the conflict of interest policy and that no such conflict exists. Additionally, interested persons have a duty to disclose any actual or possible conflicts of interest at the time they arise. After disclosing a potential conflict of interest and answering any questions that might be asked concerning such interest, the affected person shall withdraw from any meetings, deliberations, votes, or other matters concerning the conflict.

To ensure that the Hospital does not engage in activities that could jeopardize its tax exempt status, the Board of Trustees or a committee appointed by the Board of Trustees periodically reviews compensation and similar arrangements to ensure they are reasonable and are the result of arms-length bargaining. In conducting these reviews the Board of Trustees may use outside advisors.

Form 990, Part VI, Section B, Line 15:

The process used by Mount Desert Island Hospital for determining the President & CEO's compensation includes a review and approval by the governing body of the Organization. The governing body uses market data from an independent source to compare compensation models of similarly sized organizations within like demographic and geographic areas to align compensation packages.

The compensation of other officers and key employees is reviewed by the Human Resources Department using the same market data guidelines to compare and establish compensation for these positions.

Form 990, Part VI, Section C, Line 19:

Name of the organization Mount Desert Island Hospital	Employer identification number 01-0211797
--	--

The annual report and Form 990 are available to the public on the Hospital's website. Governing documents, the conflict of interest policy, and the financial statements are available upon request.

Form 990, Part VII, Section A, Line 1:

Dr. Stuart Davidson, Dr. Nathan Donaldson, and Dr. Julius Kuffler are employees affiliated with Mount Desert Island Hospital. Compensation paid to them is for their services in these roles, and not for their services as members of the Board of Trustees.

Form 990, Part XII, Line 2c:

The audit process has not changed from the prior year.
